This includes records detailing any disciplinary action or other outcome of those investigations. In gathering these records, we ask that a) searches be conducted within the Jackson Police Department and b) the Jackson Police Department also forward this request to any other department or agency in local government, such as Human Resources, that by policy or practice would have or maintain these records. Please let us know if we can modify this request to better match your record-keeping and speed the response. If the documents are maintained by your agency in an electronic format, we request that you provide the documents in that format. We request that you waive any fees to disclose this information, as we are requesting information that is clearly in the public's interest. We are seeking this information for non-commercial use, as part of a routine newsgathering process. We expect to use these documents to prepare and publish news stories disseminated to the general public. As non-profit news organizations, we also have limited funds to pay for public records. If you decline to waive fees, please let us know if the cost will exceed \$25. If you deny this request - or any part of it - please cite each specific exemption you feel justifies the refusal to release the information and notify us of the appeal procedures available under the law. This is one of seven requests we will file with your agency for personnel files. We request that you release records for this current or former employee as soon as they are ready for release, and not wait until records for other employees are ready for disclosure.
