My lease was done improperly by poor staff, who have refused to give us their name on many occasions, which then became a hardship on registration for schools without the proof of resident due to the antagonist behaviors by staff. our lease has been neglected and breached by the following "malfunctions of equipment or utilities, or damage by fire, water, or other cause, LESSEE shall notify LESSOR'S representative immediately, and LESSOR shall act with due diligence in making repairs." **was unable to add pictures**	Planning-Community Improvement	Olivia Price
