23-1835	My name is Victoria Leasy. I was involved in a 4 car motor vehicle report on Tuesday, October 24 around 3:08pm. I was transported by ambulance to Baptist hospital due to injuries. My car was towed after the officer informed me that I couldn't leave it but I told him someone was in route to pick it up. I was crying and distraught, but I remember a few things. I was given an accident report by the medics and later transported to the hospital. I was released and took the opportunity to look at the crash report two days later. The report was not readable. The print was not dark enough to see the information in the report. It too about a week for me to obtain the case number. But I have been unable to obtain any additional information other than the name and badge number of the officer. I have been calling daily since Oct. 27 and I have been unsuccessful in obtaining the official report or obtain any information about the driver due to insurance purposes.
