23-2027	I am requesting the following public records: Copies of all incident reports regarding a Jan. 30, 2023 collision between a vehicle and a pedestrian on Interstate 55 in Jackson. Miss. Code Ann. § 25-61-12 (2) (c): states: "Nothing in this chapter shall be construed to exempt from public disclosure a law enforcement incident report. An incident report shall be a public record. A law enforcement agency may release information in addition to the information contained in the incident report." In addition, Miss. Code Ann. § 25-61-3(e) states that an Incident report "means a narrative description, if such narrative description exists and if such narrative description does not contain investigative information, of an alleged offense, and at a minimum shall include the name and identification of each person charged with and arrested for the alleged offense, the time, date and location of the alleged offense, and the property involved, to the extent this information is known." Furthermore, according to Miss. Ethics Commission Op. Hankins was reported missing in June 2022, but his family did not learn about his whereabouts until a recent news report about the discovery of a body that apparently had been buried in August 2022. What were the causes of Hankins' death? Why didn't Jackson police contact Hankins' family after they found out his identification? Hankins' death certificate indicated that he died of natural causes.
