## **Municipal Compliance Questionnaire**

As part of the municipality's audit, the governing authorities of the municipality must make certain assertions with regard to legal compliance. The municipal compliance questionnaire was developed for this purpose.

The following questionnaire and related certification must be completed at the end of the municipality's fiscal year and entered into the official minutes of the governing authorities at their next regular meeting.

The governing authorities should take care to answer these questions accurately. Incorrect answers could reduce the auditor's reliance on the questionnaire responses, resulting in the need to perform additional audit procedures at added cost.

### **Background:**

The Water-Sewer Business Administration is discontinuing its maintenance agreement with Mueller Systems, LLC intends to contract directly with Keystone Utility Systems, LLC (KUS). KUS is very familiar with the City of Jackson and the issues with its AMI and water meters because they have been a subcontractor providing maintenance and warranty services under Mueller. By contracting directly with KUS, the City anticipates greater effectiveness and efficiency in maintenance services. The City also anticipates saving money and will have the flexibility of terminating the one-year contract at the end of six months or at the end of any month thereafter. This will be important as the City moves forward with its Program Manager The Preo Group, LLC in formulating the appropriate strategy for addressing the City's issues with its AMI and water meters.

KUS will provide project implementation and oversight; mitigation and service of any non-responsive endpoints or meters; crew management; QA audits; programming and register swaps; network mitigation; node swaps; radio reading services; and Hot Rod installation for one year at a cost not to exceed \$146,400.00.

**Background:**

Attached, you will find an item for the City Council Agenda requesting the Mayor enter into an emergency contract with Hemphill Construction Company, Inc. for the West Porter Street Sewer Main Emergency Repair. The contract is required due to a collapsed sewer main discharging raw sewer violating the Clean Water Act. The Department of Public Works recommends approval of this agenda. If you have any questions, or require additional information, please do not hesitate to contact this office at (601) 960-1651.

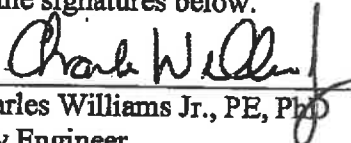

**DECLARATION OF EMERGENCY  
TO INVOKE EMERGENCY CONTRACT PROCEDURE**

**I. REQUEST**

The City of Jackson has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The result of the failed sanitary sewer mains has contributed to Sanitary Sewer Overflows violating the Clean Water Act, and the mandated Federal Sanitary Sewer Consent Decree. The City of Jackson currently has less than 15 sewer maintenance employees to assist with repair and replacement. To minimize the impact of raw sewer discharging into nearby creeks and drainage channels. The City is in need of emergency assistance from private contractors to help repair the sanitary sewer collection system.

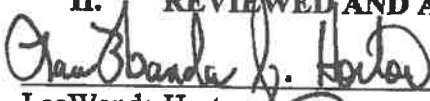

Accordingly, I request that you declare this situation an "emergency" as that term is defined in Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, and authorize the City to retain contractors to complete repairs to the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and to execute and accept such other documents as necessary to accomplish said repair.

As background information to assist in your determination that an emergency exists, I have attached a memorandum from Charles Williams Jr., PE, PhD. I have also obtained the review and approval of the Office of the City Attorney and Administration Department as evidenced by the signatures below.

### III. DECLARATION OF EMERGENCY

I hereby determine that the failures within the sanitary sewer collection system constitutes an emergency as that term is defined under Section of 31-7-1, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Jackson, Mississippi and that the City is authorized to enter into a contract to repair the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and execute and accept such other documents and instruments as necessary to accomplish said repair and to purchase any materials required for the completion of the repair.

Accordingly, this request is approved.

**RE:** Sanitary Sewer Collection System Failures

---

The City of Jackson Department of Public Works has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The results of the failed sanitary sewer mains has contributed to sanitary sewer overflows violating the Clean Water Act, and mandated Federal Consent Decree by discharging raw sewer into nearby creeks and drainage channels. The repairs needed to the sanitary sewer collection system are critical to staying within compliance regarding the Clean Water Act and mandated Federal Consent Decree. The Department of Public Works is requesting an Emergency Declaration for the following Sanitary Sewer Collection System Failures listed within this memo. The Emergency Declaration will also allow the Department of Public Works pay for bypass pumping rental fees required to stop sanitary sewer overflows until the sanitary sewer main failures can be repaired. In addition the Emergency Declaration will allow the City to retain technical assistance from professional engineering consultants when needed to help prepare bid quotes, and provide construction administration.

The City does not have the personnel or equipment to adequately address number of sanitary sewer main Failures in a timely manner to minimize the impact of raw sewer flowing out of the collection system threatening the welfare and safety of the Public. Because of the imminent threat to public health and safety, we recommend that the City of Jackson enter into repair contracts as provided for in Section 31-7-13(k) of the Mississippi Code Annotated of 1972.

“If a notice required by paragraph 4 is given by the Owner to the Contractor and to the Surety, that is sufficient compliance.”

3. Paragraph 6 is hereby replaced with the following:

“When the Claimant has satisfied the conditions of paragraph 4 and has submitted any additional supporting documentation, and any sworn proof of claim, requested by the Surety, the Surety shall, within a reasonable period of time, which shall not be less than 45 days, respond to the Claimant and offer to pay or arrange for payment of any undisputed amount; provided, however, that the failure of the Surety to fully and/or timely discharge its obligations under this paragraph or to dispute or identify any specific defense to all or part of a claim shall not be deemed an admission of liability by the Surety or otherwise constitute a waiver of any rights or defenses the Contractor and/or Surety may have or acquire as to such claim, including, without limitation, any right to dispute such claim. In no event shall the Surety’s liability to any Claimant under this Bond exceed the sum properly due such Claimant.”

4. Paragraph 12 is hereby amended by adding the following:

“Claim notices for FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY and/or PACIFIC INDEMNITY COMPANY must be sent to the following address: Chubb, P.O. Box 2191, Chesapeake, Virginia 23327, Attention: Surety Support Team.”

**Background:**

Attached, you will find an item for the City Council Agenda requesting the Mayor enter into an emergency contract with Hemphill Construction Company, Inc. for the Robinson Road Sewer Main Emergency Repair. The contract is required due to a collapsed sewer main discharging raw sewer violating the Clean Water Act. The Department of Public Works recommends approval of this agenda. If you have any questions, or require additional information, please do not hesitate to contact this office at (601) 960-1651.

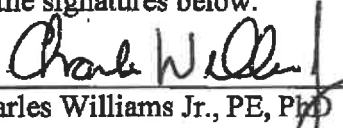

**DECLARATION OF EMERGENCY  
TO INVOKE EMERGENCY CONTRACT PROCEDURE**

**I. REQUEST**

The City of Jackson has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The result of the failed sanitary sewer mains has contributed to Sanitary Sewer Overflows violating the Clean Water Act, and the mandated Federal Sanitary Sewer Consent Decree. The City of Jackson currently has less than 15 sewer maintenance employees to assist with repair and replacement. To minimize the impact of raw sewer discharging into nearby creeks and drainage channels. The City is in need of emergency assistance from private contractors to help repair the sanitary sewer collection system.

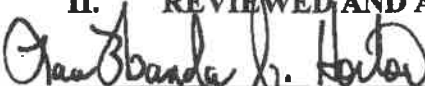

Accordingly, I request that you declare this situation an "emergency" as that term is defined in Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, and authorize the City to retain contractors to complete repairs to the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and to execute and accept such other documents as necessary to accomplish said repair.

As background information to assist in your determination that an emergency exists, I have attached a memorandum from Charles Williams Jr., PE, PhD. I have also obtained the review and approval of the Office of the City Attorney and Administration Department as evidenced by the signatures below.

### III. DECLARATION OF EMERGENCY

I hereby determine that the failures within the sanitary sewer collection system constitutes an emergency as that term is defined under Section of 31-7-1, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Jackson, Mississippi and that the City is authorized to enter into a contract to repair the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and execute and accept such other documents and instruments as necessary to accomplish said repair and to purchase any materials required for the completion of the repair.

Accordingly, this request is approved.

**DATE:** June 26, 2020

**RE:** Sanitary Sewer Collection System Failures

CW 6/26/20

---

The City of Jackson Department of Public Works has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The results of the failed sanitary sewer mains has contributed to sanitary sewer overflows violating the Clean Water Act, and mandated Federal Consent Decree by discharging raw sewer into nearby creeks and drainage channels. The repairs needed to the sanitary sewer collection system are critical to staying within compliance regarding the Clean Water Act and mandated Federal Consent Decree. The Department of Public Works is requesting an Emergency Declaration for the following Sanitary Sewer Collection System Failures listed within this memo. The Emergency Declaration will also allow the Department of Public Works pay for bypass pumping rental fees required to stop sanitary sewer overflows until the sanitary sewer main failures can be repaired. In addition the Emergency Declaration will allow the City to retain technical assistance from professional engineering consultants when needed to help prepare bid quotes, and provide construction administration.

The City does not have the personnel or equipment to adequately address number of sanitary sewer main Failures in a timely manner to minimize the impact of raw sewer flowing out of the collection system threatening the welfare and safety of the Public. - 1.** The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.
- 2.** With respect to the Owner, this obligation shall be null and void if the Contractor;

  - 2.2** Defends, indemnifies, and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.
- 3.** With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.
- 4.** The Surety shall have no obligation to Claimants under this Bond until:
  - 4.1** Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.
  - 4.2** Claimants who do not have a direct contract with the Contractor:
    - 1** Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
    - 2** Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and

- 5.** If a notice required by Paragraph 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.
- 6.** When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:
  - 6.1** Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.
  - 6.2** Pay or arrange for payment of any undisputed amounts.
- 7.** The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.
9. The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable to payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.
10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
11. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.1 or Clause 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. **Background:**

Attached, you will find an item for the City Council Agenda requesting the Mayor enter into an emergency contract with Hemphill Construction Company, Inc. for the Livingston Rod Sewer Main Emergency Repair. The contract is required due to a collapsed sewer main discharging raw sewer violating the Clean Water Act. The Department of Public Works recommends approval of this agenda. If you have any questions, or require additional information, please do not hesitate to contact this office at (601) 960-1651.

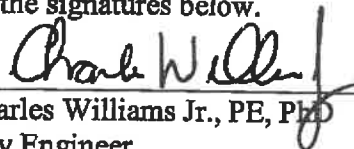

**DECLARATION OF EMERGENCY  
TO INVOKE EMERGENCY CONTRACT PROCEDURE**

**I. REQUEST**

The City of Jackson has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The result of the failed sanitary sewer mains has contributed to Sanitary Sewer Overflows violating the Clean Water Act, and the mandated Federal Sanitary Sewer Consent Decree. The City of Jackson currently has less than 15 sewer maintenance employees to assist with repair and replacement. To minimize the impact of raw sewer discharging into nearby creeks and drainage channels. The City is in need of emergency assistance from private contractors to help repair the sanitary sewer collection system.

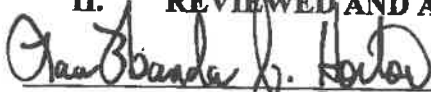

Accordingly, I request that you declare this situation an "emergency" as that term is defined in Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, and authorize the City to retain contractors to complete repairs to the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and to execute and accept such other documents as necessary to accomplish said repair.

As background information to assist in your determination that an emergency exists, I have attached a memorandum from Charles Williams Jr., PE, PhD. I have also obtained the review and approval of the Office of the City Attorney and Administration Department as evidenced by the signatures below.

### III. DECLARATION OF EMERGENCY

I hereby determine that the failures within the sanitary sewer collection system constitutes an emergency as that term is defined under Section of 31-7-1, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Jackson, Mississippi and that the City is authorized to enter into a contract to repair the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and execute and accept such other documents and instruments as necessary to accomplish said repair and to purchase any materials required for the completion of the repair.

Accordingly, this request is approved.

2. With respect to the Owner, this obligation shall be null and void if the Contractor;
  - 2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and
  - 2.2 Defends, indemnifies, and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.
3. With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.
4. The Surety shall have no obligation to Claimants under this Bond until:
  - 4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.
  - 4.2 Claimants who do not have a direct contract with the Contractor:
    1. Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
    2. Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and

6. When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:
  - 6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. 10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
11. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.1 or Clause 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. **RE:** Sanitary Sewer Collection System Failures

---

The City of Jackson Department of Public Works has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The results of the failed sanitary sewer mains has contributed to sanitary sewer overflows violating the Clean Water Act, and mandated Federal Consent Decree by discharging raw sewer into nearby creeks and drainage channels. The repairs needed to the sanitary sewer collection system are critical to staying within compliance regarding the Clean Water Act and mandated Federal Consent Decree. The Department of Public Works is requesting an Emergency Declaration for the following Sanitary Sewer Collection System Failures listed within this memo. The Emergency Declaration will also allow the Department of Public Works pay for bypass pumping rental fees required to stop sanitary sewer overflows until the sanitary sewer main failures can be repaired. In addition the Emergency Declaration will allow the City to retain technical assistance from professional engineering consultants when needed to help prepare bid quotes, and provide construction administration.

The City does not have the personnel or equipment to adequately address number of sanitary sewer main Failures in a timely manner to minimize the impact of raw sewer flowing out of the collection system threatening the welfare and safety of the Public. Because of the imminent threat to public health and safety, we recommend that the City of Jackson enter into repair contracts as provided for in Section 31-7-13(k) of the Mississippi Code Annotated of 1972.

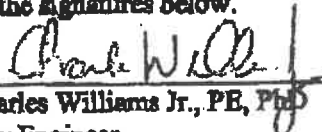

**DECLARATION OF EMERGENCY  
TO INVOKE EMERGENCY CONTRACT PROCEDURE**

**I. REQUEST**

The City of Jackson has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The result of the failed sanitary sewer mains has contributed to Sanitary Sewer Overflows violating the Clean Water Act, and the mandated Federal Sanitary Sewer Consent Decree. The City of Jackson currently has less than 15 sewer maintenance employees to assist with repair and replacement. To minimize the impact of raw sewer discharging into nearby creeks and drainage channels. The City is in need of emergency assistance from private contractors to help repair the sanitary sewer collection system.

Accordingly, I request that you declare this situation an "emergency" as that term is defined in Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, and authorize the City to retain contractors to complete repairs to the sanitary sewer collection system, pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended, and to execute and accept such other documents as necessary to accomplish said repair.

As background information to assist in your determination that an emergency exists, I have attached a memorandum from Charles Williams Jr., PE, PhD. I have also obtained the review and approval of the Office of the City Attorney and Administration Department as evidenced by the signatures below.

**RE:** Sanitary Sewer Collection System Failures

---

The City of Jackson Department of Public Works has a high number of sanitary sewer main failures throughout the Jackson Corporate Limits. The results of the failed sanitary sewer mains has contributed to sanitary sewer overflows violating the Clean Water Act, and mandated Federal Consent Decree by discharging raw sewer into nearby creeks and drainage channels. The repairs needed to the sanitary sewer collection system are critical to staying within compliance regarding the Clean Water Act and mandated Federal Consent Decree. The Department of Public Works is requesting an Emergency Declaration for the following Sanitary Sewer Collection System Failures listed within this memo. The Emergency Declaration will also allow the Department of Public Works pay for bypass pumping rental fees required to stop sanitary sewer overflows until the sanitary sewer main failures can be repaired. In addition the Emergency Declaration will allow the City to retain technical assistance from professional engineering consultants when needed to help prepare bid quotes, and provide construction administration.

The City does not have the personnel or equipment to adequately address number of sanitary sewer main Failures in a timely manner to minimize the impact of raw sewer flowing out of the collection system threatening the welfare and safety of the Public. Because of the imminent threat to public health and safety, we recommend that the City of Jackson enter into repair contracts as provided for in Section 31-7-13(k) of the Mississippi Code Annotated of 1972.

§ 4 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after

- .1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;
- .2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
- .3 the Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

§ 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

§ 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

§ 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

§ 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

§ 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

- .1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or
- .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

§ 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for

- .1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
- .2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and
- .3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

§ 8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.

§ 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the maximum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

#### § 14 Definitions

§ 14.1 Balance of the Contract Price. The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

§ 14.2 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

§ 14.3 Contractor Default. Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

§ 14.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 14.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 15 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

§ 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.

§ 4 When the Owner has satisfied the conditions in Section 3, the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.

§ 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:

§ 5.1 Claimants, who do not have a direct contract with the Contractor,

- .1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
- .2 have sent a Claim to the Surety (at the address described in Section 13).

§ 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).

§ 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.

§ 7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

§ 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

§ 7.2 Pay or arrange for payment of any undisputed amounts.

§ 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

§ 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of, Claimants or otherwise have any obligations to Claimants under this Bond.

§ 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 13 Notices and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

§ 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 15 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

#### § 16 Definitions

§ 16.1 Claim. A written statement by the Claimant including at a minimum:

- .1 the name of the Claimant;
- .2 the name of the person for whom the labor was done, or materials or equipment furnished;
- .3 a copy of the agreement or purchase order pursuant to which labor, materials or equipment was furnished for use in the performance of the Construction Contract;
- .4 a brief description of the labor, materials or equipment furnished;
- .5 the date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
- .6 the total amount earned by the Claimant for labor, materials or equipment furnished as of the date of the Claim;
- .7 the total amount of previous payments received by the Claimant; and
- .8 the total amount due and unpaid to the Claimant for labor, materials or equipment furnished as of the date of the Claim.

§ 16.2 Claimant. An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gas, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

§ 16.3 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

§ 16.4 **Owner Default.** Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

## **EQUAL BUSINESS OPPORTUNITY SPECIAL NOTICE TO BIDDERS**

### **POLICY**

The City of Jackson is committed to the principle of non-discrimination in public contracting. Therefore, the City of Jackson requests that prospective vendors and contractors carefully examine their method of selecting subcontractors and suppliers, to ensure that they are not either actively, or passively, discriminating against MBEs and FBEs. As a bidder seeking to do business with the City of Jackson, you are expected to adhere to a policy of non-discrimination, and to make the maximum practicable effort to ensure that historically underutilized firms are given an opportunity to participate in the performance of contracts financed in whole, or in part, with city funds.

### **DEFINITIONS**

For purposes of this policy, the following definitions will apply:

- (1) "African American Business Enterprise (AABE)" shall mean a business that is an independent and continuing enterprise for profit, performing a commercially useful function and is owned and controlled by one or more African Americans, and certified as such by the Division of Business Development.
- (2) "Asian American Business Enterprise (ABE)" shall mean a business that is an independent and continuing enterprise for profit, performing a commercially useful function and is owned and controlled by one or more Asian Americans, and certified as such by the Division of Business Development.
- (3) "Hispanic Business Enterprise (HBE)" shall mean a business that is an independent and continuing enterprise for profit performing a commercially useful function and is owned and controlled by one or more Hispanics, as defined in section 127-4 (7), and certified as such by the Division of Business Development.
- (4) "Minority Business Enterprise (MBE)" shall mean a business which is an independent and continuing operation for profit, performing a commercially useful function, and is owned and controlled by one or more minority group members, as defined in Sections 1, 2 and 3, which group has been determined to have suffered discrimination requiring amelioration and is certified as such by the City.
- (5) "Female Business Enterprise (FBE)" shall mean a business that is an independent and continuing enterprise for profit, performing a commercially useful function and is owned and controlled by one or more females, and certified as such by the Division of Business Development.

### **OBLIGATION**

*The Contractor and any Subcontractor shall take all necessary and reasonable steps to ensure that MBEs and FBEs have a maximum opportunity to compete for and participate in the performance of any portion of the work included in this contract and shall not discriminate on the basis of race, color, national origin or sex. If it is determined that there is a significant underutilization of MBEs and FBEs, the Equal Business Opportunity Officer is empowered, pursuant to section 127-8 of the Equal Business Opportunity Ordinance, to conduct an investigation to determine the reasons for the underutilization.*

### **GOALS**

The goals for participation by MBEs and FBEs are established by the Equal Business Opportunity Ordinance of the City of Jackson. The Contractor shall exercise all necessary and reasonable steps to ensure that participation meets or exceeds the contract goals. The goals may be attained by subcontracting to, procuring materials from, and renting equipment from MBEs and FBEs. (See Subcontractor/Supplier Participation guidelines below.)

***The Equal Business Opportunity participation goals are as follows:***

PROCUREMENT CATEGORY	Asian (ABE)	African- American (AABE)	Hispanic (HBE)	Native American (NABE)	Female (FBE)
A/E & Professional Services	0.16	8.67	0.00	0.00	1.96
Construction	0.00	12.41	0.37	0.00	4.89
Goods & Non-Professional Services	0.04	6.78	0.02	0.00	3.03

Those portions of the contract that are proposed for MBEs and FBEs in the response to this bid shall be listed on the attached Equal Business Opportunity Plan Application.

For specific information about the Equal Business Opportunity Plan, please contact the Office of Economic Development at (601) 960-1638.

Contractors may employ AABEs, HBES, ABEs or FBEs to meet the applicable project goals through various methods, as follows:

**A. Subcontractor Participation**

- (i) Where a prime contractor utilizes one or more subcontractors to satisfy its equal business opportunity commitment, the prime contractor may count toward its EBO Plan only expenditures to MBE (AABE, HBE, or ABE) or FBE contractors that perform a commercially useful function in the work of the contract.
- (ii) An MBE or FBE subcontractor is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing and supervising the work involved. In determining whether an MBE or FBE subcontractor, is performing a commercially useful function, factors, including but not limited to the following, will be considered:
  - (a) the amount of work subcontracted;
  - (b) the type of prime contract;
  - (c) whether the business has the skill and expertise to perform work for which it is being/has been certified;
  - (d) whether the business actually performs, manages and supervises the work for which it is being/has been certified; and
  - (e) whether the business purchases goods and/or services from a non-minority/women's business enterprise and simply resells goods to the city, city contractor, or other person doing business with the city for the purpose of allowing those goods to be counted towards fulfillment of minority/women's business enterprise utilization goals.
  - (f) standard industry practices.
- (iii) Consistent with standard industry practices, an MBE or FBE subcontractor may enter into second tier subcontracts. If an MBE or FBE subcontractor subcontracts a significantly greater portion of the work of its subcontract to a non-minority, non-female owned firm than would be expected on the basis of standard industry practices, it shall be presumed that the MBE or FBE subcontractor is not performing a commercially useful function.

**B. Suppliers Participation**

Where a prime contractor utilizes one or more suppliers to satisfy its EBO commitment, in whole or

in part, the MBE or FBE supplier participation may be credited towards the applicable goal as follows:

- (i) 100 percent of the contract amount for MBE or FBE suppliers who manufacture the goods supplied.
- (ii) 100 percent of the contract amount for MBE and FBE suppliers who are wholesalers warehousing the goods supplied or who are manufacturers' representatives, provided that only 25 percent of the applicable MBE or FBE goal may be attained by non-manufacturing supplier contracts to MBEs or FBEs.
- (iii) For those contracts where an extraordinarily large proportion of the contract price is for equipment or supplies, a lower project goal may be set than otherwise would be required, or the 25 percent limit for suppliers may be increased, or a combination of these two methods may be utilized.

**C. Joint Ventures and Mentor-Protégé Programs**

- (i) The Division of Equal Business Opportunity shall encourage, where economically feasible, establishment of joint ventures and mentor protégé programs to ensure prime contracting opportunities for African American, Hispanic, Asian American, Native American and Female Business Enterprises on all eligible projects over \$10,000,000.00. Even if the prime itself is a MBE, joint venture between prime contractors and MBEs shall be required on all projects exceeding ten million dollars (\$10,000,000.00).
- (ii) Where a contractor engages in a joint venture to satisfy its Equal Business Opportunity Commitment, the Equal Business Opportunity Officer shall review and approve all contractual agreements regarding:
  - (a) The initial capital investment of each venture partner;
  - (b) The proportional allocation of profits and losses to each venture partner;
  - (c) The sharing of the right to control the ownership and management of the joint venture;
  - (d) Actual participation of the venture partners in the performance of the contract;
  - (e) The method of and responsibility for accounting;
  - (f) The methods by which disputes are resolved; and
  - (g) Other pertinent factors of the joint venture.

On the basis of these factors, the Equal Business Opportunity Officer shall determine the degree of AABE, HBE, ABE, or FBE participation resulting from the joint venture that may be credited towards the applicable EBO goals of the project.

The bidder or offeror shall provide the Equal Business Opportunity Officer access to review all records pertaining to joint venture agreements before and after the award of a contract reasonably necessary to assess compliance with this policy.

The Equal Business Opportunity Program also encourages Mentor-Protégé programs to assist African American, Hispanic, Asian American, and Female business enterprises in financing, bonding, construction management and technical assistance. Mentor-Protégé agreements will be reviewed by the Equal Business Opportunity Officer for final approval of the following terms of each agreement:

- (a) type of technical assistance to be provided by mentor;
- (b) rights and responsibilities of each mentor and protégé contracting activity;
- (c) the specific duration of the agreement;
- (d) the amount of participation by the protégé that may be credited toward the applicable EBO goal.

## **EQUAL BUSINESS OPPORTUNITY PLAN**

In accordance with Section 127-13(1) of the City of Jackson's Equal Opportunity Ordinance, each contractor, bidder or offeror shall submit a completed and signed Equal Business Opportunity Plan with bid submission. Such plan should be titled "Equal Business Opportunity Plan (EBO Plan)" and should include the following:

- A. Names, addresses and contact persons of each African American Business Enterprise, Asian Business Enterprise, Hispanic Business Enterprise, and Female Business Enterprise to be used in the contract.
- B. The type of work or service each African American Business Enterprise, Asian Business Enterprise, Hispanic Business Enterprise, and Female Business Enterprise will perform.
- C. The dollar value of the work or service to be performed by each African American Business Enterprise, Asian Business Enterprise, Hispanic Business Enterprise, and Female Business Enterprise.
- D. Scope of the work to be performed by each African American Business Enterprise, Asian Business Enterprise, Hispanic Business Enterprise, and Female Business Enterprise.

### **Waiver**

If the EBO Plan does not meet the project goals, the bidder or offeror must seek a partial or total waiver of the project goals. RE: TV Road Failure

Mr. Perry:

When we were first called concerning the pump at TV Road, our initial diagnosis was that the pump was breaking suction and needed to be lowered. I then provided a proposal to lower the pump 80 feet deeper into the well for \$13,800. We rushed the delivery of 80 feet of column assembly and lowered the pump on Saturday, July 18<sup>th</sup>. After lowering the pump, we started the pump and it was still unable to produce water. Therefore, we knew there was another problem which could only be addressed by pulling the pump out of the well. Because of this, the scope of work changed from a simple lowering job to a much more involved pump repair & replacement. Since the system was out of water, it was deemed an emergency and we were asked to expedite the repair as quickly as possible.

On Monday, July 20<sup>th</sup> we pulled the pump from the well and found a completely destroyed pump bowl. During this process, we were told by City of Jackson personnel that the pump had been vibrating for a couple of months. This is consistent with the type of damage we found. It is not unusual for a pump to break suction. We commonly receive calls from systems with this problem. The act of breaking suction will not cause this type of damage to the pump unless it is allowed to continue operating under that condition. If a pump is allowed to continue operating while breaking suction, the cavitation will cause severe vibration and it will ultimately cause catastrophic damage to the pump.

Between Monday, July 20<sup>th</sup> and Wednesday, July 22<sup>nd</sup> we worked continuously with multiple crews to restore the water. Our suppliers also stopped all other orders so they could focus on this project. The pump was put back online around 8:30 PM on Wednesday, July 22<sup>nd</sup>. The following work was performed:

- Replaced the pump bowl with a new ±800 GPM pump.
- Replaced the shaft bearings and shafts damaged by the severe vibration
- Lowered the pump 80 feet deeper into the well, for a total pump setting of 500 feet.
- Over-time labor and rush delivery of all materials.
- Over-time labor to fabricate the necessary pump components and assemble the pump. The pump fabrication was completed at 1:00 AM on Wednesday, July 22<sup>nd</sup> at which time a pump crew was dispatched to begin installation.

We believe the ultimate cause of failure was allowing the pump to continue operation while breaking suction. Any mechanical system can, and will, have maintenance issues that must be addressed. In our opinion, the other well pumps need to be upgraded, or an additional well drilled, in order to provide the City of Jackson with the ability to turn off a pump if/when a problem arises. Being able to turn a pump off at the first sign of a problem has the potential to save a lot of money and avoid failures like this TV Road failure. However, without an adequate supply, the pumps cannot be turned off when a problem is noticed. This leads to the type of pump failures you had at TV Road.

Thank you,

*Charles Williams Jr.*

---

The City of Jackson Department of Public Works Siwell Road Well pump has failed causing severe strain on the well system to provide water to citizens in South Jackson. The results of the failed pump has caused low water pressure for those residents and businesses on the well system. The Department of Public Works is requesting an Emergency Declaration to repair the Siwell Road Well Pump. The Department of Public plans to use funding from funds in 031-5213-6419 and 031-52130-6464.

The City does not have the personnel or equipment to replace the well pump main in a timely manner to minimize the impact loss of water pressure creating a welfare and safety issue for those on the well system. Because of the imminent threat to public health and safety, we recommend that the City of Jackson enter into repair a contract as provided for in Section 31-7-13(k) of the Mississippi Code Annotated of 1972.

RE: Siwell Road Pump Repair

Mr. James:

We've completed the inspection of the pump from the Siwell Road @ Hillcrest water well. As we began pulling the pump, we found it to be separated down hole. The normal way of removing a pump was not possible due to the 10-inch column pipe being separated. This report details our findings and recommendations concerning the needed repairs.

**10-inch Column Pipe:**

There were two separations of the 10-inch pipe. The first was directly beneath the discharge head. The 10-inch column pipe had pulled loose or unscrewed from the threaded discharge head. Because of this, the entire weight of the pump was hanging from the oil tubing and shafts. The second separation was at approximately 240 feet below the discharge head. Again, the threads had simply pulled loose, or unscrewed from the coupling. We believe these connections were likely not tightened properly the last time they were installed. Then, as the pump bowl failed, these loose connections unscrewed and separated due to the severe vibration. Because the pipe was separated, we had to cut some sections of pipe from the well. We could not unscrew them in the normal way, or the entire pump assembly would fall into the well, potentially causing major damage to the well. Once we reached the separated pipe at 240 feet, we were able to unscrew the pipe normally.

**Pump Bowl:**

The pump bowl was destroyed from severe vibration, most likely caused by a bent pump bowl shaft. We I have attached pictures from some of the pump, but the pictures do not show the full extent of damage. In fact, the vibration was so severe that the pump actually broke in two, and the suction pipe and ½ of an intermediate had fallen down hole. There is no option but to replace the pump bowl.

As for the suction pipe and other half of the pump intermediate that fell into the well, it most likely is not causing a problem. These materials shouldn't block flow into the well, and they were too large to fall into the screen. There is a very good chance this material will sit on top of the lap pipe and not cause any issues. This material can likely be removed from the well, but it would cost \$5,000 - \$10,000 for tooling and labor to do so.

**Oil Tubing and Shafts:**

All of the oil tubing and shafts must be replaced. Every shaft and bearing was worn out of tolerance by the vibration, and the oil tubing is bent and damaged due to the pump separation. This material must also be replaced.

**Summary:**

In summary, we believe there were two major causes of this pump failure. First, the pump bowl destroyed itself, probably due to a bent shaft. As this was taking place it created severe vibration causing the loose connections on the 10-inch column pipe to unscrew and/or pull loose. This allowed catastrophic damage to occur to a large portion of the pump material.

Because of the amount of damage, this has become quite an expensive repair. The following items must be replaced:

- 260 feet of 10-inch column pipe
- All oil tubing and shafts
- New 1000 GPM pump bowl
- New suction pipe and strainer
- All miscellaneous items, such as airline, tension bearing, oil, etc.
- Labor necessary to complete the repairs and reinstall the pump
- Assistance pumping the well to obtain clear bacteria samples
- Flow step test on completed pump repair

**The total cost of this pump repair will be \$70,675.** We understand this is a very expensive repair. If there are any questions, please do not hesitate to call. I'll be glad to come explain everything we found. Also, you are welcome to come to our shop and see the damaged pump, if needed.

**Council Meeting:** Regular Council Meeting, October 13, 2020

**Purpose:** To authorize payment for additional fees in 2020 and 2021

**Cost:** \$33,151.84 for fiscal year 2020; not to exceed \$106,000 for fiscal year 2021

**Background:**

On January 18, 2018, the City Council authorized the Mayor to retain Susan Richardson, Esq. and the law firm of Kilpatrick Townsend & Stockton LLP to provide representation to the City of Jackson in negotiating a modification to its Clean Water Act Consent Decree.

For fiscal management purposes, a not-to-exceed amount for expenditures pursuant to this agreement was previously established in the amount of \$120,000.00. Due to changed expectations from the U.S.E.P.A. and MDEQ about meeting frequency and the departure of the Director of the Department of Public Works, additional fees in the amount of \$33,151.84 have been incurred.

The proposed budget for the first six months of 2021 is \$106,000.00. This amount could be less, if the meeting frequency is reduced.
