Update on COVID-19  
March 26, 2020

I want to give you an update on the current status of the COVID-19 outbreak in Williamson County and more specifically those of us in the northern areas of the County. At our daily 11:00am County wide meeting of local and county officials the following numbers were given out by the Williamson County and Cities Health District:

Total Reported Cases: **27**  
By City:     Austin       4  
              Cedar Park   6  
              Georgetown 6  
              Leander       4  
              Round Rock  7

Of all these cases we have 5 in the hospital. There have also been 4 that have recovered.

The areas impacted in Williamson County are on the attached map. For the large section of our area that is not impacted, I congratulate all of you on keeping this virus manageable.

With your help and support we will get through this.

Mayor Larry Bush
