the 1990s, the number of people who have been employed in the public sector has increased in all countries.

There are a number of reasons for the increase in public sector employment. First, the public sector has become an important source of employment for many people, especially in the developing countries. Second, the public sector has become an important source of income for many people, especially in the developing countries. Third, the public sector has become an important source of social services for many people, especially in the developing countries. Fourth, the public sector has become an important source of political power for many people, especially in the developing countries.

The increase in public sector employment has led to a number of problems. First, the public sector has become a major source of corruption. Second, the public sector has become a major source of inefficiency. Third, the public sector has become a major source of waste. Fourth, the public sector has become a major source of unemployment.

The increase in public sector employment has also led to a number of other problems. First, the public sector has become a major source of political instability. Second, the public sector has become a major source of social inequality. Third, the public sector has become a major source of environmental degradation. Fourth, the public sector has become a major source of economic stagnation.

The increase in public sector employment has also led to a number of other problems. First, the public sector has become a major source of political corruption. Second, the public sector has become a major source of social injustice. Third, the public sector has become a major source of economic decline. Fourth, the public sector has become a major source of environmental destruction.

The increase in public sector employment has also led to a number of other problems. First, the public sector has become a major source of political oppression. Second, the public sector has become a major source of social oppression. Third, the public sector has become a major source of economic stagnation. Fourth, the public sector has become a major source of environmental destruction.
