

### Important Information About Your Drinking Water

Public water systems must routinely monitor for drinking water contaminants. CITY OF JOHNSON CITY, TX0160001 failed to monitor for or meet drinking water standards. The table below lists each violation, the time period(s), potential health effects, and associated analytical results (if applicable).

Originating Violation	Violation Number	Time Period(s) of Violation(s)	Potential Health Effects	Analytical Results
A Monitoring/Reporting (M/R) violation for CYANIDE	2019 100068852	01/01/2015 12/31/2017	Required samples for contaminant or contaminant group were not collected, or samples were not reported to TCEQ, for the specified monitoring period.	No Analytical Result(s) Associated

You do not need to boil your water or obtain alternative water supply (e.g. bottle water) at this time. However, if you have specific health concerns, consult your doctor

If you have a severely compromised immune system, have an infant, are pregnant, or are elderly, you may be at increased risk and should seek advice from your health care providers about drinking this water. General guidelines on ways to lessen the risk of drinking water contaminants are available from EPA's Safe Drinking Water Hotline at 1-800-426-4791.

#### Corrective Action:

CITY OF JOHNSON CITY has taken the following action(s) to return the system to compliance:

WILL DO ANNUAL TESTING NOW THAT WE ARE AWARE OF  
SAMPLING REQUIREMENTS.
