

9/30/2021

We had our September Court Docket on the 29th. We had a minimal turnout, but we were productive with all cases.

Warrants are being issued on those Defendants that did not show up. The Court issued a total of 26 warrants, not including this week's No Shows.

Judge and I have been discussing the offenses with a \$0 fine amount. There are quite a few. This was a discussion that was had with the previous Judge; however, nothing came of it.

Judge plans to meet with the Prosecutor in the near future to go over pending cases, as well the procedures of issuing Failure to Appear (FTAs).

Our next docket will be the last week of October.

We are currently closing out September with the City's incoming collections totaling \$4,563.90 after the State's remittance. We disposed of 39 cases: 26 cases were "new" within the last 6 months and 13 were "older" cases. 6 of the older cases were Dismissed with Plea Agreements with or without attorneys.

We started the month with 1284 pending cases and ended with 1,294.
