In addition to its planning and zoning duties, the Commission shall assume all duties and perform all functions of the Board as contained and described in this division. All references to the "review board," or "historic review board" or the "board" in this division are to the Planning and Zoning Commission.

(b) Functions. The Board shall act in an advisory capacity only, and shall have no power to bind the city by contract or otherwise. It shall be the function of the Board to advise the city council concerning all applications for certificates of review in Historic Overlay Districts or Historic Landmarks.

**Sec. 3-19. Certificate of review required; procedures.**

(a) No person or entity shall install, construct, reconstruct, alter, change, restore, remove, or demolish any exterior architectural feature of any historic landmark or of any building or structure located within a Historic Overlay District unless application is made for a certificate of review and such a certificate is granted by the city council.

The Board shall review the applications for all certificates of review and determine whether the applications are in conformance with this division. With the exception of Subsection (e) hereof, the city council shall approve, approve with conditions, or deny all applications within sixty (60) days of application submittal.

(e) For a permit to demolish or move a historic landmark or building within a Historic Overlay District or any other Zoning District, the city council shall render a decision within one hundred twenty (120) days after receipt of a completed application.

**Sec. 3-20. Criteria for action on certificate of review.**
