Subject: RE: City of Johnson City street lights
Attachments: JohnsonCity_Lights_Ivvue_Pole Tag Numbers 5.2.22.xlsx; Diana_JC_Lights.pdf
Importance: High

Good morning Rick,

I'm following up on your original request we had continued to work on after sending you a list. Please see the attached list of your JC lights and note the Pole Tag number on the last column added to previously shared list. I've also attached a map with most of the light locations able to be identified where 179 lights were matched of 190. Our GIS manager and team has been working on this request and since acct numbers and other info has changed over the years it turned out to be a big project and took awhile.

I also have a large print-out of the map but I'm not working in JC today. I'll see if I can get it to JC tomorrow.

Thank you,
Diana

Subject: City of Johnson City street lights

Good morning Rick,

Here is a list of your JC lights. My apologies for the delay in getting this back to you – plus thought I'd have to you by Friday – then we ran into a snag. Unfortunately, we do not have a map with these light locations. PEC recently started an audit of all our lights in our entire service area but it is not complete and is a huge undertaking. I'll check back with the team lead conducting the audit to see if there is anything else we can share or provide once it's complete. I'm also sorry we're unable to let you know if each of these lights is operational but we're assuming they are unless we are contacted that the light is out or broken.

Thank you,
Diana
