Rick,

I know that many cities grant automatic extensions for utility payments during the holidays, and I would like for us to make a habit of doing the same.

Can we please place an item on the December agenda to forgo water disconnections in December, so that no one has their water turned off during Christmas? It doesn't need to remove the fines and fees necessarily, but I don't want a kid to not have running water on Christmas morning because their parents didn't pay the bill.

Thank you,
