RE: Demolition of Property at 2605 Douglas Avenue (40 Winks Motel)

The Township of Kalamazoo is committed to improving the quality of life within the community we serve. To address properties within the community in disrepair, the Township of Kalamazoo Police Department works closely with the Kalamazoo Area Building Authority (KABA), the Township of Kalamazoo Attorney's Office, and the 8th District Court. Our goal is to work with the property owners to seek compliance; however, when properties fall into complete disrepair and are not salvageable, the remaining option is demolishing the property.

The first step in the enforcement process is to notify the property owner of specified issues with the property and allow them to address the problems. If these issues go unaddressed, a citation to appear in court is then issued to the property owner. If found in-violation of the ordinance, a compliance order is then issued to direct the property owner to bring the property into compliance. If the compliance order is violated and the issues remain, we summon the property owner back to court for a show-cause hearing.

During this hearing, the property owner can explain to a judge why the property has not been brought into compliance and what steps they are taking to remedy the problem. The owner is then given a final opportunity to fix the property, and if not repaired, the Township of Kalamazoo is then authorized to demolish the property by the court. Although this description of this process is concise, the process itself is purposefully lengthy and provides the property owner ample opportunity to fix the cited issues.

The Township of Kalamazoo currently holds a demolition order for property at 2605 Douglas Avenue, the 40 Winks Motel. This order has been vetted by the Township of Kalamazoo Attorney's Office, and the order is included with this proposal. The property is unoccupied, and there has been no progress towards compliance. In addition, the property owner, Sherry Colby, has moved all tenants of the motel out and has no intention of restoring the structure due to the extenuating costs. Utilities were also shut off to the motel because of non-payment, and Colby cannot reinstate the utilities due to the costs.

Bailey Excavating has completed demolitions for Kalamazoo Township and other municipalities in the past and can complete the project before the onset of winter. The bid for demolition and cleanup, which includes a large amount of trash on the site, is \$60,000. This price includes the necessary disconnects from Consumers Energy, environmental testing, which included the asbestos assessment, and anything necessary to bring the lot back to grade.

After numerous attempts to have this property into compliance, we believe the best course of action moving forward is to have Bailey Excavating demolish the property for a total cost that does not exceed \$60,000.00. These costs should be assessed against the property.
