2024 Employee Wellness Program

Here are a few items to note about the 2024 Employee Wellness Program.

- If you complete a screening that is not required annually, you will still earn credit for that screening each year until it's time for the screening to be repeated. For instance, if a colonoscopy is recommended every five years, the points for your previous colonoscopy will continue to count until the year when your next colonoscopy is due.
- The health risk assessment has been removed for the 2024 Wellness

Program.

- To complete the activity portion of the program, record 1.5 million steps or 5,000 activity minutes. You no longer need to track 30-minute exercises.
- You can skip the biometric screening in 2024 by completing the Physician Results Form during your annual physical. Have your doctor complete the Physician Results Form during your annual physical and receive 50 points in addition to the 25 points awarded for the annual physical. That is correct, you will earn 75 of the 100 non-activity points with a single visit to the doctor.
- Click [HERE](#) to review the 2024 Wellness Program Guide. You can use this guide to plan out your wellness year and earn your 2025 wellness incentive.
