

CITY OF KETTERING VOLUNTEER SPOTLIGHT

Robyn Hammersley

Robyn has been a dedicated City of Kettering Volunteer since 2019! Most recently, she helped make the Adult Easter Egg Hunt at the Lathrem Senior Center a huge success. Robyn made follow-up phone calls with businesses after initial emails had been sent regarding prizes and sponsorships for the event. The total in-kind value of all of the prizes and sponsorship was a little over \$12,000! In addition to calling (both at the senior center and at home), she also helped with stuffing eggs, grab bags, offering to pick up some of the prizes, and helping with other random jobs pertaining to the Easter Egg Hunt. This was for a total of 38 volunteer hours!

"She is a trooper, and all of this wouldn't have been possible without her help. She's been a joy to be around and has become a good friend through all of this. She likes to stay busy around this time of the year for personal reasons, so it has been a great fit for all of us!" states Brittany Kilburn, the Adult Programs and Event Coordinator.

"I so enjoy being around everybody at the senior center they're so kind and wonderful! I think of them now as my family. I am currently shadowing the dispatcher job for the senior transportation. Just so I can still be there with them. I enjoyed all the interaction also with the people I called to participate in the prizes we had at the Easter Egg Hunt and meeting some of them when I went to pick them up. I really enjoyed helping. Also helping tweak from year to year how we can make it even better!! I really enjoy working on all the events." states Robyn, City of Kettering Volunteer.
