

City of Kettering HOMEBUYER ASSISTANCE PROGRAM GUIDELINES

SECTION I: OBJECTIVES OF PROGRAM

To increase the accessibility of homeownership for low- and moderate-income households

SECTION II: APPLICANT ELIGIBILITY

1. The applicant's total annual household income must be less than or equal to:
 - o 80% of the median income level for the Dayton, OH MSA, when purchasing a home in any Kettering neighborhood. Household income includes the earnings of all persons over the age of 18 who will be residing in the home. The income limits by household size are listed in Attachment A of this document. The limits are updated annually, and the program is subject to the most current HUD published limits.

Additionally, asset income is calculated and added to regular income in order to project anticipated annual income. In order to do this, the City of Kettering collects 2 full months of paystubs and 6 months of bank and asset statements.

2. HOME funding does not require the homebuyer assistance be utilized for first time homebuyers. However, most lender products that accept a 2nd mortgage financing tool for homebuyer assistance are first time homebuyer products. This program makes no determination of worthiness based on first time purchase.

3. Household assets, including but not limited to savings accounts, investments, other properties/ collections, must not exceed \$100,000.00. Excluded from that asset limit are: the value of two cars or other vehicles and the value of household goods.
4. The applicant must live in the home as a primary residence for a minimum of 5 years in order for the loan to be forgiven. No portion is forgiven annually but rather the whole amount is forgiven at the end of 5 years.
5. The assistance from the City can be used for down payment and/or for closing costs, in excess of the required buyer portion of \$1000.00. The Affordability & Subsidy Analysis Worksheet in Attachment E will determine the subsidy from the City of Kettering.
6. Potential homebuyers must complete an 8 hour (HUD approved) Homebuyer Education Class. The training is available at the Homeownership Center of Greater Dayton's downtown Dayton location, or online (www.homeownershipdayton.org). The Homebuyer Class is \$199.00 at the Homeownership Center of Greater Dayton. A household that completes the homebuyer class and purchases a home with City of Kettering Downpayment Assistance can apply for a refund of the \$199.00 fee from the City of Kettering if the household assets are less than \$1000.00 after the closing. A one hour pre-purchase homebuyer counseling session will be required as well. Pre-approved buyers will be informed how to schedule this session with the HomeOwnership Center staff.
7. Potential homebuyers must be able to obtain a commitment from a bank, savings and loan association, credit union or other private lending institution for the funds required for a first mortgage to purchase the home. The first mortgage shall collect escrow funds and pay the property taxes and homeowners insurance premium. The kind of loan the buyer chooses is important. The City of Kettering will not use homebuyer assistance funds to assist a buyer who is using a product such as an ARM or a loan with a balloon payment. FHA & conventional loans are approved products. Other products are subject to the staff's investigation of the lending product before approval.
9. The City of Kettering will cover all of the primary lender required downpayment and all of the closing costs as long as the buyer pays at least \$1000.00 into the transaction and the total cost for the City of Kettering assistance is not more than \$8,000.00. Further, additional funds from the clients can't exceed a total of \$2,500 from the client at closing unless there is documented funds available. When the subsidy analysis is done, the end required contribution to make the deal affordable (30% for front-end debt ratios and 42% for rear-end debt ratios) must not exceed the buyer's required contribution (\$1000.00), up to \$8000.00 from the City of Kettering and another maximum contribution of \$1500.00. If more than this amount is needed at the time of closing to make the property affordable, and there are no other documented client funds, program or gift funds available, then the City of Kettering will be unable to contribute.
10. Initial income determination and asset determination will be made to assist the client in moving forward in the program, however, final eligibility cannot be determined without loan

offers, property sales contract, appraisal and property inspection. All approvals will remain contingent on those items as well as the final Loan Disclosure and ALTA which are made available before closing. A complete application is considered one that is complete, signed and in which an appraisal, sales contract, loan application, primary lender pre-approval letter is available.

SECTION III: PROPERTY ELIGIBILITY

Eligibility is restricted to existing and newly constructed single-family homes in the City of Kettering with a maximum purchase price not to exceed 95% of the area median purchase price.

City of Kettering Area Median Purchase Price Limits*	
Existing Homes	\$119,000.00
New Construction	\$228,000.00

* these limits are updated regularly by HUD, and the program is subject to the most recent published limits according the effective date. You can call 937-296-2441 ext. 4022 to request the most current limits.

PROPERTY SELECTION CRITERIA AND RULES:

1. The City of Kettering will consider the property's fair market value as listed in the appraisal obtained by the first mortgage lender in the subsidy analysis. Either the appraised value or the sales price, whichever is less will be used in the subsidy analysis. The seller must also be informed that the property will not be acquired by eminent domain if negotiations fail to result in an amicable agreement. (Attachment D)
2. The house must have sufficient living space for the family wishing to purchase the home. The City will not support overcrowded housing conditions. For the purpose of this program, overcrowding is defined by the City of Kettering Property Maintenance Code. The code may be found online at: http://dev.ci.kettering.oh.us/wp-content/uploads/2013/04/PMCode_2009_041.pdf
3. The property must be owner-occupied or vacant. Homes currently rented are not eligible (unless currently rented by buyer). There is a required vacant owner occupancy form. The property owner must be willing to make repairs as needed to meet the City of Kettering homebuyer assistance program corrections. For this reason, foreclosed homes are not eligible for this program.
4. Prior to the closing, the house must be free of defects that pose an immediate danger to health and safety. Identified hazards include, but are not limited to, defective furnaces, water heaters, wiring, windows, water leaks, missing hand rails, inoperable or absent smoke detectors, non-grounded outlets, deteriorating roofs, and unsanitary conditions. City of Kettering's Housing Specialists will inspect the property, provide a list of required corrections and give the owner the opportunity to correct them in order to sell the property. Please see the attached Property Inspection Guidelines.

5. If the property is located in a floodzone A or V, flood insurance must be purchased prior to or at the loan closing. Properties located in the floodway may not be purchased using City of Kettering homebuyer funds. The City of Kettering requires flood insurance for all properties in the flood zones A or V even when the first lender does not require it (which could be the case if the mortgage is not federally backed). Homes with a Zone X designation are suggested to obtain flood insurance but are not required to have it.

6. The purchaser must agree to reside in the property, as their principal residence for the 5 year period of affordability as designated in the Mortgage Loan Agreement with the City. The city will use IRS guidance to determine principal residence/primary home. The City of Kettering annually sends a certification of primary residence to the home address. Submitting this form assists in maintaining compliance with the City of Kettering forgivable second mortgage and is mandatory to complete each year.

In the event the owner ceases to own or occupy the home during the 5 year affordability period, the homeowner will be required to **repay the loan in its entirety**. In the event of foreclosure during the affordability period, the amount subject to recapture/repayment is based on the amount of net proceeds from the foreclosure sale available after the first mortgage has been satisfied.

6. Homebuyers with equity may also be eligible for Housing Rehab programs. You can find more details at: <http://www.ketteringoh.org/departments/planning-development/housing-opportunities/rehabbing-a-home>. Housing Rehabilitation Standards are available at: <http://dev.ci.kettering.oh.us/wp-content/uploads/2013/04/HousingRehabilitationStandards1.pdf>.

SECTION IV: ELIGIBLE ACTIVITIES

The City will provide a forgivable loan, not to exceed \$8,000.00, to eligible homebuyers for any combination of the following:

Down payment assistance Funds can be used as down payment in order to make the property affordable. The City of Kettering can provide the lender required downpayment, not to exceed \$8,000 total, as long as the buyer provides \$1,000.00 in personal funds.

Closing cost assistance. Eligible closing costs include appraisal fee, credit report fee, recording fee, processing fee, title examination, origination fee and inspection fees and prepaids.

SECTION V: APPLICATION PERIOD

Due to the interest in the program and the limited resources available, assistance will be offered on a first-come, first-serve basis, as funding is available. A waiting list will be kept and numbered whenever a limitation of funds becomes apparent.

SECTION VI: PROGRAM PROCEDURES

1. Buyer completes Down Payment Assistance Program application to determine eligibility for *down payment/closing cost assistance* by providing proof of total household income and total household debt obligations. Income tax return from the previous year, six (6) months of consecutive bank statements, and 2 months of current pay stubs will be used as documentation. There are required forms and 3rd party documentation as well.
2. Buyer obtains pre-approval for a mortgage from a lender. The loan should not exceed 97% loan to value. The monthly payment (including principal, interest, property taxes and insurance) must not exceed 30% of annual gross income.
3. Buyer locates home they wish to purchase and signs a sales agreement contingent upon obtaining mortgage financing and inspection of property by City of Kettering. Realtors should request 60 days for closing from the approval of income eligibility.
4. Potential homebuyers must complete an approved homebuyer education program and individual session with staff from the HomeOwnership Center of Greater Dayton.
5. The City of Kettering will arrange to inspect the desired property for identification of any immediate health and safety problems as defined in "Property Eligibility" (page 3, paragraph 4) as well as any additional code violations per City of Kettering Property Maintenance Code and Kettering Housing Rehabilitation Standards.
6. Buyer may be pre-qualified for assistance pending the residential inspection of the home.
7. Housing Specialist visits home and conducts inspection. Report is prepared identifying all immediate health and safety issues and code violations requiring repair.
The City of Kettering and the Homeownership Center of Greater Dayton receive documentation from the financial institution to determine buyer's final approval for assistance. Documentation includes Final Loan Disclosure and ALTA in order to determine final assistance amount.
8. Financial institution approves loan and sets up loan closing. City provides down payment and/or closing cost assistance at loan closing for purchase of home.
9. At the closing, the buyer signs a note and mortgage for the amount of assistance provided and agrees to reside in the home for 5 years.

SECTION VII: PROPERTY TRANSFERRED/REFINANCED

1. If the home is sold, title transferred or the applicants no longer occupy the home (it is vacant or rented out) as a principal residence within the 5 year Affordability Period the **entire loan amount** will be due and payable to the City of Kettering. It should be noted

that these must be continuous years from the mortgage date. In the event of foreclosure during the affordability period, the amount subject to recapture/repayment is based on the amount of net proceeds from the foreclosure sale available after the first mortgage has been satisfied.

2. The City may subordinate its interest in the property in accordance with the City of Kettering's Housing Rehabilitation Program and Down Payment Assistance Program subordination policy. See Attachment C.
