

MAKE A DIFFERENCE DAY
NATIONAL DAY OF DOING GOOD

2016 Make a Difference Day Accomplishments

This year was a huge success, thanks to our volunteers! From making cards to planting trees, there's no doubt we made a difference once again.

THANK YOU!

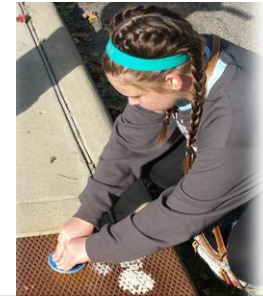

Over 100 volunteers made nearly **1,000 cards** for our troops serving overseas! The cards will be mailed by The Blue Star Mothers. The men and women serving our country will be feeling the love from Kettering!

10 Sinclair baseball players planted **11 trees** at Berwin Park! The trees were a result of a generous grant from Montgomery County. The mud and cold was no match for these men!

Nearly 50 volunteers mulched **1,500 feet** of pathway at Southdale Park! They cleared **over 3,000** square feet of honey suckle and chipped it into mulch for future use!

Nearly 100 volunteers glued **430 medallions** to storm drains to remind residents to protect our watershed by not dumping contaminants. This conservation project is in conjunction with the Little Miami Watershed Network.

Nearly 300 volunteers of all ages rolled up their sleeves to make this year a success! **THANK YOU:**
