*Registration opens*

*February 18, 2019.*

*Space is limited.*

---

## Supplies for Safety

Students who complete Kettering Safety Village will receive a **FREE** Kindergarten supply starter kit!

## Does your child require an ADA modification?

The City of Kettering understands the Americans with Disabilities Act requirements. We invite participation by people with disabilities, alongside people without disabilities, in our programs, sites, and facilities. The *Summer Camp Modification Request* form is available at all Kettering Parks, Recreation and Cultural Arts front desks as well as the Summer Camps Information Hub on [www.playkettering.org](http://www.playkettering.org). Please fill out and return to the front desk or email the completed form to [kettprca@ketteringoh.org](mailto:kettprca@ketteringoh.org) after you have registered for the camp.

We want your child to begin the program on time. The sooner we know about your child, and how we can support your child in our programs, the more likely your child will start the program on time. However, if delays in communication occur, we will delay the start of program participation. Please register early & submit the request form early!

# Kettering Safety Village

*Teaching basic concepts of traffic safety and providing injury prevention awareness and life safety skills for children entering the kindergarten grade level.*

## What is Safety Village?

Kettering Safety Village, sponsored by the **Dor-Wood Optimist Club**, is a week-long transportation and life-safety program for children who are entering Kindergarten in August 2019. The cost is \$20.

The **City of Kettering's Engineering Department Safety Section** in collaboration with **Kettering City Schools** is proud to operate this program designed to teach our youngest citizens how to be safe.

Safety Village instructors are joined by Kettering police, fire and school personnel to provide age-appropriate classroom instruction on a variety of safety topics to participants. Children get to practice and reinforce what they've learned at our indoor Safety Village, with child-size replicas of streets, intersections and buildings.

Children also participate in a variety of additional activities, including a ride on a Kettering school bus and a "Safe Walk" in a neighborhood. Through classroom instruction and fun and exciting hands-on experience, young children will begin to develop safe habits for a lifetime.

Children must be able to use the restroom without help. No snacks/drinks are provided, but there will be water and restroom breaks.

## Our newest buildings!

Grant funding provided by:  
Safety Association for Education (SAFE) &  
Kettering Health Network

*This program is for  
students entering  
Kindergarten grade  
only.*

## Registration

Register online at [www.playkettering.org](http://www.playkettering.org) for Kettering Safety Village or in person at the Kettering Recreation Center, 2900 Glengarry Dr.

For online registration, on the Register dropdown menu, click Register Now. On the Search dropdown menu, click on Activity Search and type Safety Village, then select the section of preference. The online registration process allows you to view session and class time availability.

*Print out the registration verification and bring a copy on the first day of class.*

For more information, please contact the City of Kettering Engineering Department, Transportation Safety Section at 937.296.2520.
