Kettering Police Department
3600 Shroyer Rd. Kettering, OH 45429

FOR IMMEDIATE RELEASE

DATE: March 28, 2019

Contact: Joe Ferrell, Patrol/Public Information
Officer Kettering Police Department
(937) 296-2458

SUBJECT: Schantz Avenue Bridge Project

The Schantz Avenue Bridge over South Dixie Highway will undergo a complete replacement and the retaining wall along South Dixie Drive will be repaired and sealed. Construction is set to begin on April 1, 2019. The project is expected to take 7 to 8 months.

- Schantz Avenue will be closed at the bridge.

- Access to South Dixie Highway will be detoured using South Patterson Boulevard, Crauder Avenue, and Sacramento Avenue.

- Two-way traffic on South Dixie Drive will be maintained, though, reduced from two lanes to one lane in each direction.

- Northbound traffic will not be able to turn left at Mayo Avenue, Carrollton Avenue, Prosser Avenue, nor Calvary Drive.

- Signs will be posted on Schantz Avenue and South Dixie Highway in advance of construction to notify the traveling public.

- Drivers are encouraged to use alternative routes during peak traffic hours to avoid possible delays.

We appreciate your patience as Kettering invests in its transportation infrastructure.
