Personnel Ordinance Updates –The Human Resources Department is updating the Personnel Ordinance to be brought before Council in December. The Kettering Police Department will show a change in structure that will be cost neutral. As a result of the recruitment for Secretary to the Chief of Police, an internal candidate will take the position; and, rather than fill that vacancy, an entry level 700 series position will be created to cover administrative need, as well as a much needed crime analysis function.

Residential Refuse Contract – Mr. Schwieterman advised the negotiations are on track with Rumpke, and there should be a resolution presented to Council by end of year.

Overtime Report – Overtime costs are up at the Police Department. No manpower adjustments were made in 2019 but are being considered for 2020. A major cause for the

increase is backfilling officer positions and having to compensate for time away at the police academy and training during the Field Training Officer program required prior to an officer working solo. Two officers will be added to authorized strength during 2020, as well. Captain Burian is leaving the Police Department at the end of the year causing a current lieutenant to be promoted to his position. This opens a lieutenant, sergeant and officer spot to be filled. Promotional process took place for sergeants and lieutenants last week.

Public Hearing –Ron Hundt will present a request to vacate an unnecessary public pedestrian access easement located parallel to the north-south portion of Composite Drive on the property located at 1930 and 2000 Composite Drive. This proposed easement vacation will accommodate the recording of the Composite Subdivision. There will likely be a request for emergency ordinance at the November 26th City Council Meeting.
