

City of Kettering Ridgeway Road Bridge Replacement Project Update – November 2020

Construction will begin soon on the replacement of the Ridgeway Road Bridge over West Dorothy Lane. The contractor for the project will be Brumbaugh Construction. The project is expected to be complete by fall 2021.

Beginning in early December, Ridgeway Road will be closed between Canterbury Drive and Oak Knoll Drive for the duration of the project. Detour routes will be posted. Preliminary construction work will also start in early December to clear vegetation and prepare the existing bridge for demolition. Part of the bridge demolition work will require a temporary night and weekend closure of West Dorothy Lane. For more information and announcements, please monitor the City's website (www.ketteringoh.org/ridgeway-bridge/), Facebook page (City of Kettering, Ohio – Government), and local news media.

The CitySites public art project, *Foliage* by Cliff Garten Studio, will be installed later in 2021 when the bridge replacement project is nearing completion. Please visit www.playkettering.org/ridgeway-road-bridge-project/ for information about the public art project and to view renderings of the proposed artwork.

If you have questions about the Ridgeway Road Bridge project, please contact:
