Subject: COVID-19 Vaccination Opportunities

Good afternoon.

The City is beginning to receive calls from agencies that may have an overabundance of vaccine doses that need to be used within a certain period of time. As we receive this information, we will pass it along to all of you. Again, each offering may be different, but we want to make sure everyone receives the information. Please take care in getting this information to employees without email.

Vaccine Availability

Rite Aid Pharmacy located at Stroop Road and Marshall Road has a limited supply of Pfizer vaccination shots available for City of Kettering employees who meet the Phase 1A, 1B, 1C and 2 requirements (See specific eligibility requirements for each phase at <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/covid-19-vaccination-program>.)

These shots will be offered Tuesday, March 9 between 9:00 a.m. and noon.

When going for your shot, please take your driver's license, medical/Rx insurance card and your City ID. The insurance card is used so Rite Aid can be reimbursed for certain costs from the government. You are not paying for the shot.

Premier Health Opportunity

Premier Health reported that each week, new vaccine clinic appointments will be available for scheduling.

For the week starting March 7, they currently have available appointments. To check appointment availability and schedule your appointment, visit their **vaccine hub**
