

JUNE 2023

Upcoming Events

June 23: Stay hydrated this summer as we share our top tips and tricks for getting enough water on NATIONAL HYDRATION DAY.

EMPLOYEE SPOTLIGHT: TAYLOR SENSENBAUGH

Hello everyone! I am a recent graduate from Wright State University who joined the aquatics team at the beginning of May. I began my passion for aquatics as an attendant in 2014 which later transitioned into a lifeguard and swim instructor. After three years of being in these roles, I wanted to tackle management which I did for two years until COVID. In high school, I became a swimmer and diver because of my love

for being in the water. I take pride in providing water safety, education, and training to both staff and guest. My favorite part of the job is seeing the smiling faces of patrons and employees due to the impact Kettering PRCA provides. Whether it is lap swimming, open swim, water workout, swim lessons, or spa activities, there are endless activities aquatics can offer. When I am not at work, I enjoy spending time with my two cats, friends, family, and my boyfriend Zach. Please stop by and enjoy the indoor or outdoor pool!

June Birthdays

- 18th Gary Schussler (Parks)
- 19th Tony Habart (KRC)
- 21st Debra Weaver (Polen)
- 24th Brittany Kilburn (CIL)
- 28th Lindsey Whitley (Admin)

THANKS FOR A GREAT STAR WARS DAY!

May the 4th was out of this world

As always, feel free to send shoutouts and suggestions to prcaone@ketteringoh.org

JUNE 2023 SHOUTOUTS

KFWC Shoutouts (submitted by Heather Boyer):

- Whole Staff received another compliment this week. "Everyone does such a wonderful job here making this a fun place to work out. The staff also engages with all the patrons and that means a lot to us." Keep up the great work everyone!
- Pete put all of the registration forms in alphabetical order that were in the cabinet. Thank you for doing that. That will save us a lot of time and we appreciate you completing that task for us.
- Hannah allowed our intern, Olivia, to shadow her during several of her client training sessions this week. I am sure Olivia came away with a lot of good ideas that she can use in the future when she becomes a trainer. Thanks so much for allowing her to tag along with you.
- Tammy was a fantastic parking guard this week on several different days with multiple events going on both outside and inside Trent Arena. Our patrons definitely appreciate you guarding the lot and so do we!
- Mike & Tammy helped train a new employee this week. You both did a great job showing her the ropes and explaining what you see first-hand at the welcome desk on a daily basis. I appreciate your time and willingness to help out.
- Jake covered another co-worker when she had something come up and was running behind. Way to help another staff member out! We are grateful for you!
- Gretchen did a great job directing lots of traffic today for the field days and Carroll's graduation practice. So many people didn't know where to go and you did an awesome job showing them all where to go! Thanks so much!

General Shoutouts:

- Shout out to aquatics staff for getting the water park open for the summer. (from Caitlin Hayes)
- Shout out to the camps teams who are in the thick of training week. Good luck this summer! (from Caitlin Hayes)
- Thank you to Matt Byrd and Matt Franklin for their hard work on installing the bricks at Kettering Veterans Plaza for Kettering Parks Foundation! (from Lindsey Whitley)
- Shout out to Drew Corbett for being a DAWG. (from Calvin Frazier)
- To Tara, Breck, and Rachel for making it through the first official Fraze show (from Calvin Frazier)
