### SPECIAL REVENUE FUND TREE FUND FUND 145

#### PROGRAM DESCRIPTION AND OBJECTIVES

In 2014, the Town adopted Tree Ordinance No. 252 updating Chapter 13.54 of the Municipal Code relating to tree conservation. The goal is to achieve an overall healthy tree canopy, prioritizing preservation of existing protected trees. Public safety is a primary benefit, as a healthy tree is a safe tree.

The new code provides for tree removal permits at no cost for any lot that cannot be further subdivided. Even at no cost, a permit is still required for activities related to protected trees to ensure code adherence. Larger lots and developments will be assessed fees for tree removal depending on the specifics of the property and number of trees to be removed.

Municipal Code Chapter 13.54 identifies specific native oaks as protected trees. Removal of native oaks requires mitigation or replacement. If the property owner is unable to replace the tree(s) on his or her property or within an approved area, the property owner shall pay an In-Lieu Fee to the Town. These fees are the revenue source for the governmental restricted Tree Fund. Fees are intended to be used for mitigation efforts carried out by the Town in-lieu of the property owner.

The Town develops and funds tree mitigation programs that align with the goals of the Tree Ordinance. Current programs include the Adopt an Oak Tree Program and the Oak Tree Pruning Grant Program.

### SPECIAL REVENUE FUND SUPPLEMENTAL LAW ENFORCEMENT FUND 151

#### PROGRAM DESCRIPTION AND OBJECTIVES

The Supplemental Law Enforcement Services Fund (SLESF) was initially created by AB 3229 as a temporary funding source to be used by "front line" law enforcement. SLESF was continued as ongoing funding by the enactment of AB 1913 in 2000. In 2012, the passage of SB 1023 changed the procedures for how funds are distrubuted and changed reporting requirements for the funds.

SLESF funds are distributed by the State to counties, which are then required to spend certain percentages of the funds for county-wide activities outlined by the bill such as juvenile justice, jail operation and criminal prosecution. A portion of the funds received by Placer County are intended for distribution among the law enforcement jurisdictions within the county based on population and for the purpose of front line law enforcement.

If funding is sufficient, the bill requires a minimum grant of \$100,000 per law enforcement jurisdiction within the county. If funds are insufficient to provide \$100,000 per jurisiction, it is to be distributed based on population. The Town receives the minimum grant amount of \$100,000 annually, plus additional allocation based on Placer County's budget.

The Town uses these funds to supplement the cost of the contract with the Placer County Sheriff's Office, specifically to fund a portion of a traffic control officer. The PCSO contract is primarily budgeted in the Town's operating budget, with a portion of the contract budgeted in Fund 151 for this restricted use.

### SPECIAL REVENUE FUND SOLID WASTE REDUCTION AND RECYCLING FUND 560

#### PROGRAM DESCRIPTION AND OBJECTIVES

State Assembly Bill 939 requires the reduction of solid waste going into landfills through "diversion", diverting garbage away from landfills and into recycling programs. Funding for diversion programs is provided by a surcharge attached to all refuse service.

The Beverage Container Recycling City/County Payment Program (CCPP) is a non-competetive grant offered by CalRecycle, authorized by Public Resource Code section 14581(a)(3)(A), for city and county beverage container recycling and litter cleanup activities.

State Assembly Bill 1383, the Short-Lived Climate Pollutant Reduction Strategy, formalizes statewide requirements to reduce the amount of organic waste disposed in landfills. The Town has successfully pursued two grants through the CalRecycle SB 1383 Local Assitance Grant Program.

#### **Program Activities To Date:**

Town clean-up day where residents can bring, at no charge, refuse to dumpsters located at Del Oro High

Purchase of special waste cans for local schools

Support of organizations that promote recycling

Shred and recycle services for town paper waste

Recycling receptacles at the Blue Anchor Park and parking lot

Adoption of an Ordinance creating a Waste Collection and Disposal Chapter in the Loomis Municipal Code

Agreement with Placer County to provide the Town with edible food program capacity planning, education, and inspection

Organic compost and wood chip give-away programs for organic waste recovery

Purchase of procurement credits from Desert View Power LLC for biomass generated electricity for organic waste recovery

Contract with R3 Group for SB 1383 compliance and reporting

Staff and consultants will continue compliance efforts and reporting requirements for solid waste diversion, recycling and organic waste recovery. This includes town clean-up day, litter pick-up, emptying of recycle bins, continuation of the SB 1383 programs in place, and development of new programs as needed. In 2025 and therafter, the Town must achieve 100% of its target to procure 160 pounds of recovered organic waste products per resident.

### DEVELOPMENT IMPACT FEES PARK DEVELOPMENT FUND 316

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A park development fee is imposed on residential development for the procurement of park land, construction of new parks, recreational facilities, and park facility improvements.

The current fee schedule is \$6,781 per single family dwelling unit and \$5,587 per dwelling unit in Multi-Family residential development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

Formerly, these fees were collected as three separate fees for Park Acquisition, Park Development and Passive Parks/Open Space. Based on recommendations resulting from the 2020 Impact Fee Study, only one fee for Park Development is now imposed. Fees collected prior to 2020 are accounted for separately and are restricted for the purposes for which they were collected.

### DEVELOPMENT IMPACT FEES DRAINAGE FUND 318

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A drainage fee is imposed on residential, commercial and industrial developments, in order to defray the cost of expanding the town drainage system, as new development occurs.

The current fee schedule is \$994 per single family dwelling unit, \$605 per dwelling unit in Multi-Family residential development, \$0.321 per square foot of industrial development and \$0.455 per square foot of commercial development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs. The drainage fees are used to create facilities that collect, retain, and re-route storm runoff water.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

#### DEVELOPMENT IMPACT FEES LOW INCOME DENSITY FUND 319

#### PROGRAM DESCRIPTION AND OBJECTIVES

The Low Income Density Impact Fee is charged on all development of five or more dwelling units at the rate of \$750 per development unit.

The funds are dedicated to housing opportunities for moderate or low income households.

In prior years, a portion of the fund was used in combination with Community Development Block Grant Funds to offer low interest loans. Funds have also been used for economic development projects.

### DEVELOPMENT IMPACT FEES ROAD CIRCULATION FUND 324-000

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A road circulation/major road fee is imposed on residential, commercial and industrial developments, in order to defray the cost of improving traffic circulation and widening, extending and improving major roads, as new development occurs.

The current fee schedule is \$3,813 per single family dwelling unit, \$2,650 per dwelling unit in Multi-Family residential development, \$2.777 per square foot of industrial development and \$7.003 per square foot of commercial development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

#### DEVELOPMENT IMPACT FEES HORSESHOE BAR INTERCHANGE FUND 324-200

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A Horseshoe Bar/I-80 Interchange fee is imposed on residential, commercial and industrial development, in order to defray the cost of widening, extending and improving the interchange, as new development occurs.

The current fee schedule is \$3,097 per single family dwelling unit, \$2,152 per dwelling unit in Multi-Family residential development, \$2.255 per square foot of industrial development and \$5.687 per square foot of commercial development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs. Horseshoe Bar/I-80 Interchanges fees can only be used for improvements to the interchange.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

#### DEVELOPMENT IMPACT FEES SIERRA COLLEGE BLVD FUND 324-300 and 324-400

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A Sierra College Boulavard fee is imposed for residential, commercial and industrial development, in order to defray the cost of widening, extending and improving Sierra College Boulevard, as new development occurs.

The current fee schedule is \$1,364 per single family dwelling unit, \$948 per dwelling unit in Multi-Family residential development, \$0.993 per square foot of industrial development and \$2.505 per square foot of commercial development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs. Sierra College Boulevard fees can only be used for the widening, extending and improving of Sierra College Boulevard within the Town limits. Fees are collected from development both inside and outside the Town limits, as both will impact Sierra College Boulevard.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

### DEVELOPMENT IMPACT FEES COMMUNITY FACILITIES FUND 325

#### PROGRAM DESCRIPTION AND OBJECTIVES

Development Impact Fees offset the impact of future development and maintain current levels of service and corresponding infrasture. Fees are imposed for the types of development specified, pursuant to Government Code Sections 66000 et seq., unless otherwise specified. The rate of each fee is established by resolution.

A community facilities fee is imposed for residential, commercial and industrial development, in order to defray the cost of construction community facilities, as new development occurs.

The current fee schedule is \$2,637 per single family dwelling unit, \$5,587 per dwelling unit in Multi-Family residential development, \$0 per square foot of industrial development and \$0 per square foot of commercial development.

Projects funded by Development Impact Fees are identified in the 2020 Impact Fee Study prepared by Finance DTA, as amended by projects identified in subsequent Capital Improvement Programs.

Development fees are collected and held in a restricted fund balance year-over-year until there are sufficient funds for the next prioritized project.

### HUNTER'S CROSSING FUND 428

#### PROGRAM DESCRIPTION AND OBJECTIVES

Community Facilities District No. 1 - Hunter's Crossing Subdivision was organized in 1988.

District includes 39 parcels located on Brace Road, Hunters Drive, Ash Court and Elm Court.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement provides for an annual increase in assessment equal to the National Consumer Price Index, not to exceed 7%.

Fiscal Year 2024/25 assessments are \$241.74 per parcel.

### LOOMIS MAINTENANCE DISTRICT NO. 1 FUND 429

#### PROGRAM DESCRIPTION AND OBJECTIVES

Loomis Maintenance District No. 1 - Olive Gardens Subdivision was organized in 1986.

District includes 50 parcels located on portions of Laird Street and Thornwood Drive.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement does not provide for increases to the assessment.

Fiscal Year 2024/25 assessments are \$10.00 per parcel.

#### SUNRISE LOOMIS FUND 432

#### PROGRAM DESCRIPTION AND OBJECTIVES

Community Facilities District No. 2 - Sunrise Loomis Subdivision was organized in 1988 as a Mello-Roos district.

District includes 25 parcels located on Terrace Park Way, Lawnview Avenue and Lawnview Court.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement provides for an annual increase in assessment equal to the National Consumer Price Index, not to exceed 7%.

Fiscal Year 2024/25 assessments are \$326.16 per parcel.

### LIVE OAK FUND 433

#### PROGRAM DESCRIPTION AND OBJECTIVES

Community Facilities District No. 4 - Live Oak Estates Subdivision was organized in 1988 as a Mello-Roos district.

District includes 39 parcels located on Mareta Lane.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants and drainage facilties.

The maintenance agreement provides for an annual increase in assessment equal to the National Consumer Price Index, not to exceed 7%.

Fiscal Year 2024/25 assessments are \$300.37 per parcel.

#### LOOMIS ACRES UNIT 4 FUND 451

#### PROGRAM DESCRIPTION AND OBJECTIVES

Loomis Acres Unit No. 4 was organized in 1990.

District includes 20 parcels located on portions of Eldon and David Avenues, also known as Silver Ranch Road.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement provides for a 5% increase in assessment per year.

Fiscal Year 2024/25 assessments are \$257.34 per parcel.

### SAUNDERS AVENUE FUND 454

#### PROGRAM DESCRIPTION AND OBJECTIVES

Saunders Avenue was organized in 1991, under the Improvement Act of 1911, to construct and maintain 1,200 linear feet of roadway.

District includes 16 parcels located on Saunders Avenue.

Initial assessments of \$3,701.44 per parcel paid for construction of the roadway. Additional assessments of \$60.00 annually are collected to maintain, repair and replace the street and drainage facilities over a fifty year time-table.

The maintenance agreement does not provide for increases to the assessment.

Fiscal Year 2024/25 assessments are \$60.00 per parcel.

#### RACHEL ESTATES FUND 455

#### PROGRAM DESCRIPTION AND OBJECTIVES

Rachel Estates was organized in 1992.

District includes 23 parcels located on Rachel Lane and Rachel Court.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement provides for a 3% increase in assessment per year.

Fiscal Year 2024/25 assessments are \$583.64 per parcel.

### SIERRA DE MONTSERRAT FUND 460

#### PROGRAM DESCRIPTION AND OBJECTIVES

Sierra de Montserrat was organized in 2009.

District includes 59 parcels located on Rutherford Canyon Road, Sable Ridge Court, Montserrat Lane and Blackhawk Court.

Per the maintenance district agreement, parcels are assessed to maintain, repair and replace all curbs, gutters, streets, sidewalks, fire hydrants, drainage facilties, and operate and maintain street lights, over a 50 year time-table.

The maintenance agreement provides for a 3% increase in assessment per year.

Fiscal Year 2024/25 assessments are \$809.46 per parcel.

#### PROGRAM DESCRIPTION AND OBJECTIVES

The creation of a Capital Projects and Equipment Fund allows for reporting of projects in a manner that reflects all funding sources and all project expenses in total, rather than separated across multiple fund budgets.

Capital projects and equipment are primarily funded by transfers from various funding sources as appropriated by the Town Council. Other funding sources, such as grants, are also captured in the Capital Projects and Equipment fund.

Active projects reflect appropriations approved by the Town Council to date. Appropriations for completed projects are reduced to actual project costs.
