This survey is entirely anonymous, completely confidential, and contains a few questions you have probably never been asked about Loomis!

A quick note on the survey: some of these questions are not easy, we only ask that you give each one your best shot, and tell us what you really think. We are looking for unvarnished truth.

Why are we asking you to do this?

Glad you asked!

We are presently working with Civilis Consultants to build an Identity Framework for our town, which will provide a plain English narrative thread we can use for planning, policy, marketing, and economic development initiatives. And first up, it will help to provide visioning for our general plan update, which is getting underway shortly.

Michele Reeves from Civilis Consultants will be back in November to share her Civic Identity Findings and Recommendations, which will be drawn directly from our community's feedback, so please do make your voice heard!
