**DATE:** July 14, 2020  
**RE:** Public Hearing – Recology Request for Rate Increase

---

#### Recommendation

Resume and Hold the public hearing and approve resolution increasing refuse service rates as presented or as may be amended.

#### Issue Statement and Discussion

On June 9, 2020 the Public Hearing for the 2020 Recology Request for Rate Increase was opened. The Public Hearing was then continued to July 14, 2020.

Pursuant to the Town's agreement with Recology Auburn Placer (formerly Auburn Placer Disposal) a rate change is being requested that will increase rates for the average residential customer's monthly garbage rate of 2.79%. (see attached post card).

Recology Auburn Placer has been the contract hauler for Loomis since incorporation in 1984. The current contract runs from July 2001 to September 2024. Recology may request one rate increase per year (Article 26) that must be approved by the Town Council. The 2020 rate increase is outlined below:

	Base COLA Increase	Disposal Increase	Toter Increase	4 Yd Bin Increase	20 Yd DB Increase	Average Increase
2020-21	2.79%	4.29%	3.43%	3.25%	4.00%	2.79%

Recology provides other services to the Town such as street sweeping, dead animal pick-up, green waste program, and a yearly clean-up day. The cost of which is included in all rates. Recently Recology added additional services at no additional cost. These services include emptying the trash/recycling cans on Taylor Road, residential curbside pick-up of e-waste, motor oil and cooking oil (FOG). Recology also helps us meet unfunded mandates from the State by working with our local restaurants on commercial food waste recycling.

The requested increase this year on common services as compared to prior years is as follows (note: there was no increase in 2017 or 2018, and therefore, capturing those missed increases in 2019):

	Single Toter Residential	Unlimited Toters Residential	5 yards once per week
2006	22.98	29.51	319.79
2007	23.32	29.99	326.33
2008	23.76	30.59	334.60
2009	23.76	30.59	339.60
2010	24.03	30.98	347.50
2011	24.60	31.73	347.50
2012	24.89	32.13	352.99
2013	25.13	32.48	357.60
2014	25.33	32.76	361.41
2015	25.68	33.21	366.46
2016	25.99	33.64	372.26
2017	25.99	33.64	376.26
2018	25.99	33.64	376.26
2019	27.43	35.62	397.89
2020	28.37	36.83	410.86

Recology continues to provide quality service and has been fiscally prudent with respect to the requested increases from the Town. The last request was in 2019 and the requests are typically less than the Consumer Price Index. This year the CPI for the All Urban Consumers – California is 2.79%based on the period from December 2018 through December 2019

Recology continues to be innovative and cost conscious when dealing with new and changing regulations from the State. An example is there continued participation and support of the Del Oro High School Environmental Clubs effort to create a Household Food Scraps Program here in Loomis.

The Town of Loomis will continue to work with Recology to implement other programs as circumstances and funding allows. The State laws to lower the waste stream will require that customers, the Town of Loomis and Recology implement ways to keep Loomis in compliance. Annual per capita disposal rate (PPD) per resident over the past year was 4.1, below the State target PPD of 6.2.

**CEQA Requirements**

None.

**Financial and/or Policy Implications**

The approval of the proposed rate increase will result in an average rate increase of 2.79% to rate payers. Increases in revenue through the franchise fee to the Town would be minimal.
