

Staff Report

TO: Staff Report Council
FROM: Mary Beth Van Voorhis, Planning Director
DATE: November 10, 2020
RE: General Plan Update – Housing Element Committee Assignments

Recommendation

Town Council to appoint Housing Element Committee members, following the previously-approved Committee Structure, including one Councilmember and one Planning Commissioner to serve on the General Plan Update Housing Element Committee.

Issue Statement and Discussion

Town staff began outreach for volunteers to serve on the General Plan Update Housing Element Committee in August 2020.

To date, staff has received 47 interested volunteers (Statements of Interest and Qualifications) of which 30 applicants desire to serve on the Housing Element Committee. Of these 30 volunteers, 28 volunteers are from within our community (including one existing Councilmember and two existing Planning Commissioners, and two are outside of the Town limits.

At this time, Town Council Members are each asked to appoint one voting member for the Housing Element Committee. Council is also asked to appoint, as a body,, one Councilmember and one Planning Commissioner to serve on this committee.

It should be noted that once the new Council Members are seated in December, each of those two new Council Members will be asked to appoint one member of the public as a Committee member. Thus, the Housing Committee membership will increase by two members.

Once the committee has been designated, staff is looking to conduct it's first committee meeting, via Zoom, beginning in November 2020.

CEQA Requirements

None.

Financial and/or Policy Implications

None at this time.

Statement of Interest: My priority of interests: 1. Housing 2. SE of Horseshoe Bar 3. NW Sierra College Blvd. Also interest in land behind Raley's (related to economic development, and have been through the Village process), and Land Use in general. I could help with Open Space if needed (e.g. preserving ag/ trees/lifestyle). Parks interest for park behind library.

Statement of Qualifications: Attended all hearings/meetings on previous Gen. Plan, including Steering Committee. Planning Commission since 2001, revamp of Zoning Ordinance, and later lots of work on 2014 Housing Element. Aware of issues concerning the Village area as well as difficult housing requirements we will have to meet.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s):

As a Southside resident, I am aware of the kinds of rural issues people here are concerned about, as well as the Town's need for appropriate development of the Tourist Commercial area. I am also aware of potential development conflicts on NW Sierra College, as well as misunderstandings on housing requirements. I would hope to be able to listen and help people come to a good and balanced perspective on how these issues could be treated,

Statement of Interest:

Thank you for the opportunity to apply for a committee position for the Loomis General Plan update. I've been a resident of Loomis for 7 years and have 3 kids, two of which are currently at Del Oro High School. My reason for applying for the committee positions is to help Loomis grow as a sustainable community (both financially and environmentally) that best serves the needs of the residents and businesses. I also have a particular interest in making sure the interests of youth sports are represented in the General Plan update.

Statement of Qualifications:

I have a degree in Environmental Engineering and over 20 years of experience as a real estate consultant working all over the United States. Part of my job involves researching the history of how towns and cities have grown since the industrial revolution. I have read General Plans from all over the State of California and a good working knowledge of the existing Loomis General Plan, as well as the original Town Center Master Plan, and the Draft Loomis Parks Master Plan. I also have a good working knowledge of basic housing laws (RHNA, etc.). I understand that growth is inevitable, but we need to make sure developments fit the best long term interests of the town.

Additional Experience, Skills, Etc.

I'm President of the Legacy Lane HOA and also President of Loomis Youth Soccer Club. I meet regularly with representatives from Placer County Parks and Rec Department, Del Oro High School, and Loomis Union School District to discuss athletic field resources in Loomis. I have relationships with representatives from other youth sports programs based in Loomis (Golden Eagle Baseball, Sierra Foothills Lacrosse, Five Cities Softball, etc.)

Statement of Interest: I would like to assist in the General Plan Update to maintain a balance of interests.

I favor a slow-growth approach for Loomis, that should be phased in slowly. Then the Town can actually see the impacts of projects before agreeing to building more projects. Loomis needs to remain rural, increase affordable housing, support local businesses, improve I-80 access and add more ways to travel across town.

Statement of Qualifications: I am very familiar with the 2001 General Plan, as I used it to guide decision-making on numerous land use issues while on Town Council. I also helped lead the development of the

Downtown Master Plan, the Parks, Recreation and Open Space Master Plan, the Bikeways and Trails Master Plans, the Green Ribbon Task Force Report and the Open Space Committee 2 Report to Council.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s):

Former Mayor (2009-2010); on Council when Housing Element was updated in April 2009; served on Council from 2008-2012;

closely followed the proposed Village project and am aware of needs, opportunities and concerns of the community with regard to housing issues. I work on Zoom, GoToWebinar, Webex, and REMO platforms, and am skilled at working virtually with small and large groups. I'm on a new Diversity, Equity & Inclusion Council of the National Recycling Coalition.

Statement of Interest: I retired from a 45 year career as a Registered Nurse with 36 years working in Public Health and Safety. I helped my husband with his small business. We have lived in Loomis for 12 years and our daughters graduated from Del Oro H.S. I currently help manage our small orchard and farm. I am deeply concerned about the welfare and future of our community.

Statement of Qualifications: I came out-of-retirement to work as a COVID Clinical Consultant to COVID tracers. I successfully helped negotiate over 20 labor contracts and am currently co-chair of our Sierra Environmental Justice Committee. I am a leader in ANHE - The Alliance of Nurses for Healthy Environments. I have advocated in Sacramento and Washington DC for safety equipment and safer working conditions and helped enact legislation. I have studied Conservation of Resources at Sierra Community College for the last 3 years as well as journalism. I can use a computer + Zoom.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s): Washington DC for safety equipment and safer working conditions and helped enact legislation. I have studied Conservation of Resources at Sierra Community College for the last 3 years as well as journalism. I can use a computer + Zoom.

Participation Availability (Convenient Days/Times): flexible.

Statement of Interest:

As a representative of BEM on behalf of a significant landowner and business operator (Mima Capital LLC) in the Southwest Sierra College and Delmar Area of Loomis, I would like to contribute to the consideration and implementation of development plans that will meet the requirements and needs of the town, have a reduced impact on the rural environment, and maintain the small town identity.

Statement of Qualifications:

As a manager at BEM, I am heavily involved with the evaluation and execution of requirements and improvements for the benefit of all involved. I have a strong critical thinking background from my BS in Neuroscience and Physiology.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s):

BEM's strong focus on green building practices, energy efficiency, and sustainability make us intimately aware of how important it is to not simply meet a requirement, but to create something better for the earth and for the people. Rather than acceptance, we have ambition. BEM has carried out multiple construction and development projects and has firsthand experience striving for forward progress while keeping the values of the community at

the forefront. I would be honored to utilize the experience and perspective gained from BEM to help guide the Town of Loomis.

Participation Availability (Convenient Days/Times): *My schedule is flexible; As needed by the committee.*

Statement of Interest:

As a resident of South Placer County, a significant landowner and business operator in the southwest Sierra College and Delmar area of Loomis, I want to be involved in developing a controlled economic development and housing path for the area.

Statement of Qualifications: _

Over 30 years of experience operating successful businesses in the aerospace (technology), real estate and construction industries. Degreed in Mechanical Engineering with a minor in Electrical Engineering with formal Business School MBA education.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s):

Controlled growth that provides housing that is compliant with State requirements, employment opportunities and medical services should be planned for and integrated into the Town Master Plan. This offers the opportunity for our children to continue to live locally with decent jobs and housing options. I believe investments generating Tax revenues for the Town are a good thing. Last but not least, I believe in employing compromise and empathy to reach constructive resolutions to issues.

Participation Availability (Convenient Days/Times): 24-7, will make myself available

Statement of Interest:

As a representative of BEM and on behalf of Mima Capital, a significant land owner in the Town of Loomis, my interest in serving on the General Plan Committees is based on a desire to actively participate in preparing the plan for land use and community development that will best serve the current and future needs of the Town and its Citizenry. Furthermore, to have an opportunity to gain firsthand insight into the nuances of those needs and the tools available to meet them.

Statement of Qualifications:

I am a Mechanical Engineer and have enjoyed a career working in that capacity in the aerospace and AEC industries. Arguably the strongest asset my education and work experience have provided me with is the ability to face complex problems with an open, objective mind and to apply a rational approach to reaching their solutions.

Additional Experience, Skills, Perspectives, or Qualifications Applicable to the Committee(s):

While not a Loomis resident nor native to California, I grew up in a town much like Loomis that cherished its smaller size and strong sense of community and that actively sought to maintain that character while still doing what was necessary to evolve responsibly with the changing times and needs of its residents. I was also fortunate to learn from my father who served on the zoning board and wetland committee of our town.

Participation Availability (Convenient Days/Times): Anytime necessary to participate in the process.

Statement of Interest: I have a strong interest in the housing element and would like to be involved in the zoning process for affordable housing within the Town of Loomis.

Statement of Qualifications: I have lived in, and loved Loomis for 25 years. I was interested in participating in the 2001 General Plan, however, at that time I was busy raising kids and very involved in community work. 19 years later, I'm an empty nester with time to devote to this very important GP Update.

(see attachment)

Participation Availability (Convenient Days/Times): I'm available any day at any time.

Lanterman

I have been involved in the community of Loomis for 25 years. I was the Room Mom in my kid's classes every year that they were in 1st through 8th grades. That's 14 classrooms of helping teachers! I was the Team Mom on all of my son's athletic teams starting with Loomis Youth Soccer, South Placer Little League, and Del Oro Junior Football. Both of my kids were on the Loomis Basin Swim Team for many years and my involvement there was in hospitality and fundraising. In fact, those are the positions I predominately held in my community work. I was active in the PTC at Loomis Grammar, Franklin, and Del Oro where I worked on the Fundraising Committee for Sober Grad Night for 2 years. I also started the Honor Roll Luncheons at Franklin School. I was the Team Mom for 4 years of Del Oro Football and started traditions for the teams that are still being implemented. Since my husband filmed the JV and Varsity Football games for the coaches for 5 years, our son created a highlight video of the season for his senior project. He then organized a viewing at DO's theater where he sold the video's and donated \$1,000 to the new field in 2007. I have also attended many TC and PC meetings over the years. I believe that all of my volunteer experience in Loomis has taught me the skills, perspectives, and qualifications applicable to being part of the GP update committee. All of my past here in this beautiful town has me eager to participate in it's future! Thank you!
