

Staff Report

August 13, 2019

TO: Honorable Mayor and Members of the Town Council
FROM: Britton Snipes, Town Engineer/Public Works Director
DATE: August 6, 2019
RE: Contract to replace pavement markings

Recommendation

Staff recommends the Town Council approve a Resolution authorizing the Town Manager to execute an agreement with Sierra Traffic Markings Inc. for the placement of Thermoplastic Striping at a not-to-exceed cost of \$25,000.

Issue Statement and Discussion

The centerline striping on King Road, Wells Avenue and Rocklin Road are faded and need to be replaced. Public Works crew require additional equipment to place thermoplastic striping, which last ten to fifteen years.

Town Staff has reached out to several contractors and received one quote to replace 18,300 Linear Feet of Thermoplastic Striping on King Road, Wells Ave and Rocklin Rd. Only one contractor provided pricing: \$22,767 for the contract work plus a 10 percent contingency, which can only be used upon Town Manager authorization.

The pricing provided by Sierra Traffic Marking is reasonable and is less than what it would cost the Public Works crew to perform this work.

Funding

Funding for this contract will be from the Transportation Funds
