RE: Submittal of Claim Forms for Local Transportation Funds

Recommendation

Adopt Resolution.

Issue Statement and Discussion

Each year the State of California allocates funds for transportation needs. These funds flow through the Placer County Transportation Planning Agency, and are allocated throughout the county based on population.

The first purpose of the funds is to meet public transportation needs. If the Town is providing adequate public transit to the point that there are no unmet needs, and transit costs are covered through other funds, all the Local Transportation money can be used for road repairs and improvements.

Although the amount of money is set by the Agency, the Town is required to file forms to request the funds. These forms inform the Agency the amount of prior year money that remains, and what the Town intends to spend the money on.

CEQA Requirements

There are no CEQA issues.

Financial and/or Policy Implications

Failure to file these amended claim forms would delay or prevent the Town from receiving \$504,867 for use on the Town's Transit and Transportation systems.
