

## Staff Report February 9, 2021

---

**TO:** Honorable Mayor and Members of the Town Council  
**FROM:** Sean Rabé, Town Manager  
**DATE:** April 13, 2021  
**RE:** Improvements to Laird Road and High Cliff Road Intersection

---

### **Recommendation**

Staff recommends the Town of Loomis Council adopt the attached resolution increasing the approved amount for the installation of yellow flashing warning lights and additional signage at the intersection of Laird Road and High Cliff Road to \$22,000.

### **Background and Discussion**

At the February Council meeting, Council adopted a resolution approving the expenditure of \$15,000 for the installation of yellow flashing warning lights and additional signage at the intersection of Laird Road and High Cliff Road.

Since then, however, we have received actual pricing for that work to occur (Attachment B). The Town's traffic lighting contractor has provided a bid of \$19,892.44. Since the bid amount is higher than previously approved by Council, Staff now seeks approval for the additional amount (plus a 10 percent contingency).

### **CEQA Requirements**

There are no CEQA implications associated with the recommended action.

### **Financial and/or Policy Implications**

Funding for these improvements will be from the Transportation Funds identified in the Public Works Budget.

### **Attachments**

**TOWN OF LOOMIS**

**RESOLUTION NO. 21 - \_\_\_**

**A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF LOOMIS APPROVING AN INCREASE IN COST FOR THE INSTALLATION OF TWO FLASHING YELLOW WARNING LIGHTS AND ADDITIONAL SIGNAGE AT THE INTERSECTION OF LAIRD ROAD AND HIGH CLIFF ROAD AND AUTHORIZE \$22,000 FROM THE TRANSPORTATION FUND**

**WHEREAS**, over the last five years there have been four accidents at the intersection of Laird Road and High Cliff Road with two of those accidents occurring within the past year; and

**WHEREAS**, the current curve on Laird Road at this intersection is approximately a 45 feet radius curve and in order to navigate the curve the drivers need to slow down to 15 mph or less; and

**WHEREAS**, the primary reasons for the accidents are the vehicles are exceeding the posted speed at the sharp curve (15 mph); and

**WHEREAS**, staff recommends that the Town installs flashing yellow warning light prior to the curve on Laird in both directions along with additional signage to alert the drivers of the curve ahead and the need to slow down; and

**WHEREAS**, staff will monitor the intersection and if additional accidents occur at this intersection and additional measures are needed staff will research these options and bring additional recommendations back to Council in the future; and

**WHEREAS**, the Town Council approved Resolution 21-06 at the February 9 Council meeting approving \$15,000 for installation of the flashing yellow warning lights and additional signage; and

**WHEREAS**, actual pricing for that work to be done has come in at \$19,892.44, and Staff proposes a 10 percent contingency.

**BE IT HEREBY RESOLVED** by the Town Council of the Town of Loomis that the cost for the installation of two flashing yellow warning lights and additional signage at the intersection of Laird road and High Cliff Road is hereby authorized at a not to exceed amount of \$22,000 (19,892.44 plus a 10 percent contingency, if needed).

**BE IT FURTHER RESOLVED** that \$22,000 from the Transportation funds to fund these improvements is authorized.

**PASSED AND ADOPTED** this 13<sup>th</sup> day of March 2021, by the following roll call vote:
