**DATE:** February 13, 2018  
**RE:** South Placer Regional Transportation Authority (SPRTA)

---

#### **Recommendation**

Receive presentation on South Placer Regional Transportation Authority (SPRTA) program. And provide direction to staff to request membership in SPRTA.

#### **Issue Statement and Discussion**

In 2002 Placer County, Rocklin, Roseville and Lincoln formed the South Placer Regional Transportation Authority (SPRTA), a Joint Powers Authority (JPA) to implement a regional transportation impact fee program. At the time Loomis chose not to be part of the JPA.

Many of the projects in SPRTA affect Loomis. Being part of SPRTA will allow Loomis to coordinate and have direct input of regional transportation projects.
