Comment &
Discussion
Themes

What We've Been Hearing

General Plan Update Email; Social Pinpoint; Committee Meetings

- Identify opportunities for collaboration, incentives, external funding.
- Co-benefits of land use and circulation planning with emissions and energy consumption reduction.
- Opportunities to incentivize / partner with the school district to address mobile source emissions.
- Provide indicator within and between elements for policies that cross disciplines for implementation and/or provide co-benefits.
- Inform land use planning, particularly near railroad and freeway, to reduce health risks from air pollutants.
- Maintain and expand tree canopy and multi-use trail system for open space and between key destinations.
- Promote electric vehicles, solar, and other technologies.
- Financing & other incentives for energy efficiency improvements and renewable energy for existing buildings.
- Support and concern about expanding housing choice
- Incentives for exceeding regulatory requirements, such as in energy efficiency measures
- Promote incentives to convert wood stoves

What We've Been Hearing

General Plan Update Email; Social Pinpoint; Committee Meetings

- Clarify goals and create policies – existing policies are primarily implementation measures.
- No need to repeat existing regulatory requirements as policy.
- Screening level is much too low and CO modeling is no longer necessary.
- Address greenhouse gas reduction opportunities and energy efficiency and resilience.
- Reference measures to reduce vehicle miles travelled.
- Feasibility of phasing/timing disparate development proposals.
- Land use planning to avoid exposure to substantial pollutant concentrations.

A blue ribbon graphic with the text "Draft Documents" written on it. The ribbon is a solid blue color and has a folded, three-dimensional appearance. The text is white and centered on the ribbon.

Draft
Documents

General Plan Update Approach

- » **Air Quality, Setting Revised May 2021**
- » **Greenhouse Gas Emissions, Setting Revised May 2021**
- » **Energy Resources, Setting Revised May 2021**

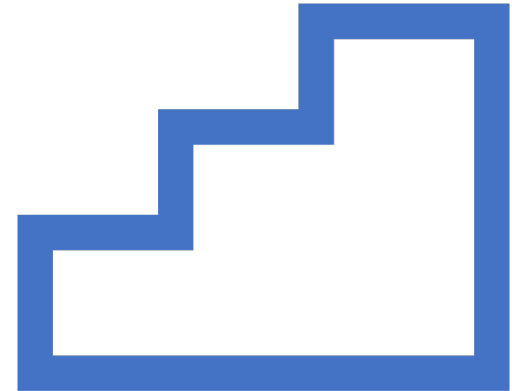

- » **Draft Element updates last month and this month. Review for related policies and opportunities. Iterative updates are continuing.**
 - » **Environmental Justice, Housing, Public Services**

Draft Conservation of Resources Element Update

VOLUME I, CHAPTER 6, OF THE GENERAL PLAN UPDATE

- Proposed revisions to goals, objectives, policies and implementation measure for each subtopic of the Conservation of Resources element are being reviewed in detail during the upcoming respective subcommittees.
- Subcommittees will inform decisions regarding content to keep, revise, delete, and add throughout the Element.
- Recommendations of each subcommittee will be provided to the Umbrella Committee for any further revisions and decisions at the next Umbrella Committee meeting.
