COMMISSIONERS COMMENTS

Commissioner Kelly:

If land use designation is changed for a parcel or area, how does that affect current use?

Commissioner Wilson:

How do we achieve an accurate build-out analysis that correctly reflects Loomis?

Will there be workshops in the future that allows for discussion?

How will the community provide input for consideration in the updated General Plan?

Chairman Obranovich:

How do we determine minimum density for a parcel and is it a requirement of the element to show/reflect minimum density?

How does adding comments – written or asked at meeting come into play regarding the Brown Act?

Can we put tonight's presentation on the website?

Commissioner London:

Will we receive education on the new elements required in the general plan?

How does eliminating/changing a designated area density affect our RHNYA numbers?

PUBLIC COMMENTS

Miguel Ucovich – Craig Court:

Requested a larger effort to notify the residents of the General Plan Update process.

Ask for more avenues for the public to be involved – comment cards are not sufficient, public workshops etc.

Stated he does not believe the Parks and Recreation element was ever formally adopted by the town.
