JULY 13, 2010 COUNCIL

1

TO: TOWN COUNCIL

FROM: TOWN MANAGER 

RE: ANNA NAKASHOJI TREE AND TRAFFIC ISSUES ON BRACE ROAD

ISSUE

Loomis citizen Anna Nakashoji asks to address the Council concerning tree and traffic issues along Brace Rd.

RECOMMENDATION

Hear presentation, discuss and give direction.

CEQA

There are no CEQA issues in hearing information.

MONEY

Cost to the Town is presently unknown.

DISCUSSION

Anna Nakashoji, a Loomis Citizen, contacted the Town concerning tree and traffic issues that she is experiencing on Brace Road. The information was forwarded to the Sheriff and to Public Works on June 8.

Subject: Traffic

Crickett: I would like to have this item put on the next agenda; cutting back the trees on Brace Road south of Betty Lane as the visibility is very bad due to the hill and the branches hanging out over the side of the road, and slowing down traffic between Horseshoe Bar Rd and the I-80 over pass on Brace Road. Since the stop sign was installed at Howard Lane and Brace Road the speed of traffic on the South side has worsened and needs to be addressed. The sheriff's department is doing a great job of watching traffic at the stop sign but not on the other side, I only see them on the South side by the Methodist Church or driving down the road.

Thank you very much,
Anna Nakashoji
