RE: CONSIDER EXTENDING CABLE SERVICE TO UNSERVED AREAS OF TOWN

ISSUE

Following the WAVE Cable presentation at the September meeting a committee of Council Members and staff met with WAVE officials to discuss extending cable service to un-served areas of Town.

RECOMMENDATION

Discuss and give direction and if the Council so decides, add extending broadband service as a task in Goal # 4 of the list of the Town's current goals.

CEQA

There are no CEQA issues at this time.

MONEY

There are no money issues at this time.

DISCUSSION

Following the WAVE Cable presentation at the September meeting, Council Members Kelley and Scherer met with WAVE officials and Staff to identify the areas of Town that are not presently served by broadband cable service (see attached map) and discuss methods that might be implemented to extend service to those areas.

It was noted that Council may wish to add this as a task that would further Goal #4 "Improve communications and understanding among all Town leaders and stakeholders by 6-30-10." The idea being that better technology will help people do their business and participate in their government. The goal going forward would be to work with WAVE Cable to identify funding sources to extend broadband services to those areas that are not presently served or are underserved in the Town.
