- she was there, and after the Healthy Eating Resolution failed and she was leaving the building, she was accosted by the person who spoke in favor of the resolution

- in the future don't take hearsay as fact because she was there

- the speed limit on Taylor Road was changed and now instead of driving 45 mph they are going 65 mph
- asked if something could be done about it and suggested a signal at Circle Drive and Taylor Road

- the gentleman in support of the Healthy Eating resolution came over and started talking to them and multiple times they politely asked him to stop badgering them and finally she told him to take his resolution and go back to Folsom
- a letter should have been sent to the people that were accosted by the gentleman

Mary George, Director of Library Services in Placer County, stated the following:

- they are developing a new strategic plan and Council is invited to take part in a community meeting
- the meeting will be on Wednesday, June 27, 2012 from 9 to 12 p.m.

Bill Branch, 6605 Wells Avenue, stated the following:

- he has watched the Council being attacked again and again by people who do not live in the Town limits of Loomis

12. **Operating Budget for the 2012/2013 Fiscal Year**  
 Discuss the proposed 2012/13 operating budget for the Town.  
**Recommended action:** Discuss the proposed budget, amend it if necessary and by resolution adopt the 2012/13 budget, the 2012/13 Gann Limit, and the 2012/13 authorized positions by resolution.  
**Public comment:**

Roger Carroll, Finance Director, stated the following:

- he set aside the 2011/12 SCORE refunds (approximately \$180,000) in reserve to pay for the shortage between the Supplemental Law Enforcement funding and the actual cost of Traffic Enforcement Officer (approximately \$80,000 in the new budget)
- he added \$60,000 to miscellaneous revenue for the expected SCORE refund in 2012/13
- he reduced the budget for the ½ time planner salary to \$25,000
- he removed the \$500 for Cowboy Poetry banners
- he added \$500 for the Seniors First Handyman program
- he added \$500 for the Placer Sustain annual membership

Nancy McLaughlin, McLaughlin Theatre Co., stated the following:

- this summer their production has 34 youth from the community this year
- they need microphones for the kids, their goal is to have 20 microphones over the next 3 years
- the \$3000 they are requesting will pay for 5 microphones and they will be starting fund raisers to try to get some more throughout the year
- their goal is to start working with Peter Oakes and get a committee together to raise funds to get the Blue Anchor stage completed so they can use it
- they are heavily involved in the Eggplant Festival every year, they bring all of their equipment to use for the stages and they have also brought their sound equipment to use for the Christmas Program and Earth Day

Jo Carol Arisman, 6160 Rachel Lane, stated the following:

- thanked Council for considering having the police officer again this year
- Sacramento will be releasing 500 parolees and we need to be diligent in keeping our eyes open on what is going on and getting a hold of our local police as quickly as possible when something is out of the ordinary

Brennan Touie, 8235 Granada Lane, stated the following:

- before money is allocated to any specific thing, a return on investment should be investigated for each individual expenditure
- as a business owner, he doesn't think there is a need to give a cost of living adjustment to retain good employees

Debbie Shores, 9291 Tanglewood Way, commended the Council for finding a way to keep our traffic officer here because public safety is our first concern.

Pat Miller, 4395 Gold Trail Way, stated the following:

- the park funds and tree mitigation funds that are set aside from development money and have accumulated over about 25 years are not likely to replenish
- it is fiscally responsible to be careful with those funds and keep an eye to the future for what might be coming up

Shauna Martinez, 2332 Linwood Lane, stated she was on the Park, Recreation and Open Space Committee and addressed the following:

- in one of their meetings they came to an agreement about spending funds for the downtown park
- it was her understanding that they wanted Council to look at plans to see how much those projects would cost to get actual plans so they could go out for bid or finding alternate funding sources
- there are a lot of unfunded park projects in the Town of Loomis that could use funding
- should we spend all of the funds on the downtown park or look for alternative sources to fund those projects
- she likes the idea of splitting out some of the park projects and have Council make a decision on each one of those projects and move forward on it

Evelyn Mizak, 5113 Camden Road, commended the staff for a wonderful budget presentation.

Councilmember Liss stated the following:

- he suggested doing separate bids on the downtown park as suggested by Shauna Martinez, when the bid documents are ready
- asked if the Placer Sustain budget was going to be put back in

Roger Carroll stated that he would add \$2500 for Placer Sustain projects.

Councilmember Scherer stated the following:

- we have a balanced budget
- in the past years we have put money into our budget reserves yet we haven't given staff a cost of living adjustment
- he would include a cost of living adjustment in this year's budget for the staff, we haven't giving them one in years
- he would like to approve the budget and come back next month with our CIP with the idea of spending the reserves that we have set aside for those specific purposes such as streets, trails, community facilities, etc.

Mayor Calvert thanked the Finance Director for making the process so transparent.

Following further discussion on the matter, the following motions were made:

A motion was made to approve Resolution 12-13, adopting the annual operating budget for fiscal year 2012-2013 with the adjustments as presented by the Finance Director and excluding Appendix C. On motion by Councilmember Scherer, seconded by Councilmember Liss and passed by voice vote.

**Recommended action:** Adopt resolution approving the Capital Improvement Program covering 2012 through 2017

**Public comment:**

Billy Crowley, 3815 Taylor Road, asked if there is going to be a stop sign or stop light on Taylor Road that will slow the traffic down?

Brian Fragio, Town Engineer/Public Works Director, stated that in the Downtown Master Plan there are proposed crosswalks at Shaun Way and Circle Drive.

Brennan Touie, 8235 Granada Lane in Loomis, stated concerns with speeding in the downtown.

Councilmember Scherer stated the following:

- he would like to put off any specific action on this
- he would like to see the Downtown Master Plan scheduled improvements moved up to be possibly done this year
- it would be prudent to wait until after the budget discussion about application and use of the reserve funds to make a final determination on Capital Improvement Programs

Councilmember Ucovich stated he agrees with Councilmember Scherer on coming back to this item after the budget is discussed.

Councilmember Liss stated the following:

- he agrees that the Master Plan Improvements need to be brought forward
- we should discuss in more detail what is possible like the crosswalks, the stripping in front of Stahr Liquor and Officer Bob's contract needs to be considered
- he is concerned about using so much of our park money for the Blue Anchor Improvements
- if we spend all of our money in the downtown park it won't leave much money for bikeways and trails
- he suggested we bring this back next month after the budget , to see how much reserves we want to make available for capital improvement programs

Councilmember Morillas suggested we bring the CIP back next month after the budget has been discussed.

Following further discussion on the matter, a motion was made to continue this item to July 10, 2012 and request that the Finance Director and Public Works Director put this together in a presentation format so it is more in line with the Finance Director's budget. On motion by Councilmember Scherer, seconded by Councilmember Ucovich and passed by voice vote.
