- the health, safety and public welfare of the residents should be the Council's first responsibility

Sonja Cupler, 5630 Tudor Way, stated the following:

- it could be a benefit to people that are handicap and cannot attend the meetings

Richard Jackson, 4000 Hunters Drive, stated the following:

- the wetlands has been filled and homes will be flooded during the rainy season

6. Select Rocklin Development Projects Update

RECEIVE AND FILE

Councilmember Calvert asked for an update on the Rocklin developments regarding the trees being cleared off during the weekend, off of Sierra College Boulevard and Granite Drive.

Perry Beck, Town Manager, stated the following:

- the Town has had interest in Rocklin 60 and it has already gone into settlement, we are waiting for \$25,000 check
- Rocklin Clover Valley, we made oral arguments in April and as yet Court has not ruled yet, that could take up to ninety days
- we settled issues with Walmart and have an agreement on file that anyone can have a copy of

Councilmember Liss, Borders Committee member, gave an update and pointed out the following:

- the Sierra College/Granite Drive project is called Rocklin Commons, same developer as Rocklin Crossings
- Rocklin Crossings is the one we settled with and got \$235,000 to mitigate the traffic impacts at Sierra College Boulevard and Taylor Road
- there was no legal action with Rocklin Commons, so there is no agreement

Jean Wilson, 4301 Barton Road, stated the following:

- Kohls had an application with the Planning Commission this spring (Rocklin Commons)
- the Rocklin Planning department said that Target is under negotiation (Rocklin Commons)

Dan Foster, 4303 Dias Lane, stated the following:

- we settled with Rocklin Crossings for traffic mitigation but the traffic area is a nightmare getting in and out of there
- this area is not serving the local community, it is transient shopping designed to serve the Auburn area and Penryn
- this will impact negative traffic and our quality of life
- the Borders Committee needs to continue working at protecting our Town and quality of life

Receive and File.

10. Park, Recreation And Open Space Committee's Work Plan And Budget For 2011/12

APPROVE

Councilmember Ucovich pointed out that the swimming program was removed from the PROS Committee's Work Plan and budget.

Perry Beck stated the following:

- the PROS Committee did not include the swimming program this year
- Council suggested volunteers so Councilmember Ucovich, Denise Swenson and Jennifer Knisley are putting it together
- this is in the budget for this year

No public comment.

Following further discussion on the matter, a motion was made to approve the PROS Committee's work plan and budget for 2011/12. On motion by Councilmember Scherer, seconded by Councilmember Calvert and passed by voice vote.

11. A Resolution of the Town Council of the Town of Loomis Awarding To Low Bidder And Authorizing Town Manager To Execute An Agreement Acceptable To The Town Attorney For The Loomis Multi-Modal Parking Facility Project

ADOPT RESOLUTION

Councilmember Ucovich asked if Brian Fragio would fill in the blanks.

Brian Fragio, Town Engineer/Public Works Director, stated the following:

- pointed out that we probably won't get the money from the Public Transportation Modernization, Improvement and Service Enhancement Program Funds of \$101,260, until 2012
- he asked Council to award to Bair Engineering who came in at low bid of \$339,217.48 and if Council would like to add one of the alternatives (for the parking stalls)

Dan Foster stated the following:

- recommend against the open unsealed asphalt
- they have some on Dias Lane and it breaks apart, wears, junks gets into it
- he prefers concrete, asphalt tends to suck in a lot of heat

Richard Jackson, 4000 Hunters Drive, pointed out that any of the asphalt that is not sealed will break apart and will be gone in about five years.

Following further discussion on the matter, a motion was made to adopt Resolution 11-08, awarding to low bidder, Bair Engineering & Excavating and authorizing Town Manager to execute an agreement acceptable to the Town Attorney for the Loomis Multi-Modal Parking Facility Project in the amount no to exceed of \$339,217.48 (Base Bid) and no alternative at this time. On motion by Councilmember Ucovich, seconded by Councilmember Scherer and passed by voice vote.

PUBLIC HEARING

12. Recology Auburn Placer Request To Raise Rate

Pursuant to the Town's agreement with Recology Auburn Placer (formerly Auburn Placer Disposal) a rate change is being requested that will increase rates from 0.32% to 3.11% on the common refuse services

Recommended action: Hold public hearing and approve resolution increasing refuse service rates as presented or as may be amended.

Public comment:

John Rowe, Recology Auburn Placer, stated the following:

- Loomis has done a good job with green waste, there hasn't been much contamination
- only nine green waste totes were removed from customers that were violating but six of the nine called and asked to get the green totes back
- we are meeting State mandates, 6.2 lbs. per household is required and we came in under at 4.2 lbs.

Jean Wilson, 4301 Barton Road, stated the following:

- she understood that if we switch to the 32 gallon than we buy our own and it has to be lifted by the garbage crew instead of mechanically
- she asked if Recology has considered manufacturing a 32 gallon tote that could be consistent and able to be mechanically put into the truck

John Rowe stated the following:

- what they have come up with recently is a different type of arm on the truck that can lift containers that are bought by residents
- If they come up with a container then that would raise the costs

Ed Worley, 5550 Tudor Way, stated the following:

- he asked why we are wasting Recology's resources by replacing the trash cans that are totally adequate for what we are doing, just fill with less
- the people he knows don't put the recycling on the street, they take it behind Raley's

Dave Smith, 5508 Grouse Court, stated the following:

- he uses a trash compactor and hardly fills up his 32 gallon can, except when he puts his blue bags in there
- the program is cheaper than using the larger totes that are provided

Pat Miller, 4395 Gold Trail Way, stated the following:

- she has been pleased with the 32 gallon can rate
- we need to do a better job on public education

Following further discussion on the matter, a motion was made to adopt Resolution 11-12, approving a rate increase to the solid waste refuse collection and hauling contract for Recology Auburn Placer. On motion by Councilmember Liss, seconded by Councilmember Scherer and passed by the following roll call vote:

Pat Miller, 4395 Gold Trail Way, stated the following:

- when she was on the PROSC they studied the summer swim program a lot
- every jurisdiction around here has swimming lessons available

Sonja Cupler, 5630 Tudor Way, stated the following:

- asked Council to keep in mind the health, safety and welfare of the people in the Town and to not eliminate any public safety positions
- considering the recent murders and all the senior citizens in the Town we need to protect and make them feel safe

Jo Carol Arisman, 6160 Rachel Lane, stated the following:

- asked Council to keep the police officers
- a neighbor down the street from her ended up in the hospital because she couldn't breath after the incident that happened on her street
- it's important we keep the police officer, we need to be prepared

Roger Smith, 6100 Nob Hill in Newcastle, stated the following:

- he has been in this area for almost 25 years and the road that was discussed earlier has never been paved, why worry about it now
- we need police officers

Janet Thew, 5572 St. Francis Circle, stated the following:

- questioned if Del Oro lowered their pool rates after they were told it was too high
- questioned if we know if we are actually safer for spending \$70,000 a year for a traffic officer and has studies been done or are there any statistics

Perry Beck stated the following:

- he suggested keeping the Planning Director budget as is, that will be an important position in the future and a key member of the management team
- Council needs to take a position on the two requests: Cowboy poetry banner and Placer Sustain
- pointed out that the Town has no debt

Roger Carroll, Town Treasurer/Finance Director, expounded on the use of restricted and general funds and answered questions.

Council agreed on the following changes to the budget:

- remove \$55,000 for the downtown park water feature (page 32)
- budget for the Planning Directors full time position at Step 1
- summer swim program at \$5000 (page 16)
- Cowboy Gathering at \$500

Councilmember Liss left the table due to conflict.

- fund Placer Sustain \$2500 from AB939 (if legal) and if they can't get it from AB939 then \$500 from the General Fund
- take \$65,776 to be funded out of reserves to balance the budget

Councilmember Liss returned to the table.

Following further discussion on the matter, a motion was made to adopt the following resolutions:

- Resolution 11-09, setting forth position allocations for the fiscal year 2011-2012
