Jennifer Knisley suggested having more public awareness to conserve water at home.

Russ Kelley stated the following:

- the Chamber is working on getting the businesses together to talk about what they can do and how it will effect them

9. Protocol For Operating and Working Together As A Council

Mayor Wheeler requested that staff place a discussion of the attached protocols agreed to by Town Council at the February 2012 Town Council team building workshop.

Recommendation: Discuss and affirm of agreed to protocols

Public comment:

Councilmember Ucovich suggested that the Mayor should become the referee when someone gets out of line and to remind them to get back to the protocol for working together.

Councilmember Morillas stated that she still has a problem with any council using electronic devices during the meeting because it gives the appearance that council is not paying attention and could be texting someone in the audience.

Councilmember Black stated that it is paramount that out of respect to each other's rights, we need to allow each person to be heard.

Councilmember Calvert stated the following:

- she suggested taking out "rotating our seats once a month"
- use of technology makes us a better council and we can conserve paper
- she suggested having a three month calendar on the wall to look up and get a general sense of the meetings

Mayor Wheeler stated the following:

- having two councilmembers quietly talking during a meeting gives the appearance of a secret meeting and is inappropriate
- council needs to hold off their comments, give the speakers our full attention, and comment publicly when it is time

Russ Kelley stated the following:

- the town has an option of putting it on video
- it's a good idea to make it available to the people, so that everyone treats each other with respect
- he doesn't appreciate anyone sitting up there taking a picture of him while he is sitting in the audience

Receive and file.

Mayor Wheeler stated the following:

- in the future, after council attends a committee meeting, he suggested putting together a few bullet points of the hi-lights of the meeting
