MATTERS OF INTEREST TO COUNCILMEMBERS

Councilmember Ucovich asked if the Loomis Basin Brew Pub gave the town a hold harmless agreement for the use of the sidewalk.

Rick Angelocci, Town Manager, said staff will look into this.

TOWN REPORT

Rick Angelocci stated the following:

- the past six weeks the Council and Commission have been under siege on Facebook blogs
- he quoted from the blog some of the statements said, "underhanded, under-publicized, pushed through of a project, I urge you to be transparent and forthcoming with information, you know the Town Council is getting money under the table for approving the development, that's why they are being quiet, and we didn't give enough public notice"
- Council is being quiet because they are taking the high road and have not taken any action or position on this project
- the legal requirement for the last two workshops was to notice within 300 feet of the surrounding perimeter of the property site
- the Town went one step farther, and sent out two sided public notices to 3800 mailboxes and post office boxes, the Chamber sent it out to almost 600 members, it was noticed in the Loomis News, and posted at three locations
- there have been ignorant statements made without checking the facts at Town Hall
- the project will either fail or succeed on its own merits once it comes up for public review under the project review process, that's the law
- he expounded on the process of the environmental document (EIR) and what will follow when the project review happens
