TOWN OF LOOMIS
Slurry Seal Project #22-01
Bid Opening : September 13, 2022 @ 10:00am

Plan Holders List

The Town maintains a "Plan Holder's List" once a project is advertised, until such time that the bid or request for proposals is closed. This is to help general contractors and subcontractors connect with each other. Registration on the plan holders list is *voluntary* and may therefore not include all potential bidders. You need not be on the plan holders list to be a responsive bidder as the plans, specifications, and any addendums are made freely available for download from the Town's website. It is the contractor's responsiblity to ensure that they check the website and acknowledge receipt of any addendums as part of their bid, as inclusion on the Plan Holders List does not guarantee notification of any addendums.

If you would like to be include on the plan holders list for this project, Please send your contact information to Sarah Jennings at **sjennings@loomis.ca.gov**
