

TOWN OF LOOMIS
3665 Taylor Road
P.O. Box 1330
Loomis, CA 95650
(916) 652-1840

June 23, 2023

ATTN: All Prospective Bidders
PROJECT: Town of Loomis Welcome Sign
SUBJECT: **ADDENDUM NO. 1**
ISSUED BY: Merrill Buck, Town Engineer

General:

The Town has reviewed the Contractor's State License Board licensing classifications and determined that a C-45 Sign Contractor is appropriately licensed to complete the project scope. Project requirements are therefore being modified to allow a C-45 licensed contractor to bid the work, and additional time to submit proposals is being provided.

Notice Inviting Bids:

Section 1, Qualifications – Shall be modified to include a C-45 (Sign Contractor) as an additional license classification qualified to perform the work.

Section 9, Bids Due - The bid opening time and date is hereby modified such that the new bid opening time and date for sealed bids will be:

10:00am, Friday, June 30, 2023

Acknowledgement of Addendum 1:

Receipt of this Addendum is *strongly encouraged* by bidders to head off a potential bid protest. Acknowledgement shall be made by signing and submitting **this page** with the bid proposal.

Note, that in the event that the apparent low bidder does not acknowledge receipt of the addendum, it shall not be deemed as disqualifying the bidder's proposal from consideration. The reason being that the bidder submitting the bid will qualify as having either a Class B or Class C-45 license, so there is no issue with the license classification, and the new bid date is after the original bid date, and so there is no issue with submitting the bid on time.
