Email: \_\_\_\_\_

[ ] Please add me to the e-mail list for this project.

### Scope of Analysis

As documented in the Initial Study dated December 2023, the Loomis Hidden Grove Project Environmental Impact Report (EIR) will include analysis for the following environmental topics:

- > Air Quality, Greenhouse Gas Emissions & Energy
- > Biological Resources
- > Cultural Resources
- > Tribal Cultural Resources
- > Geology & Soils (including Paleontological Resources)
- > Hydrology & Water Quality
- > Noise & Vibration
- > Public Services & Recreation
- > Transportation
- > Land Use & Planning
- > Utilities & Service Systems

Q: Have we missed any important topics? If so, which ones and why? Should any topics be dismissed from further consideration? If so, which ones and why?

---

---

---

Q: Are there existing conditions in the vicinity of the Project site that we should particularly consider in the EIR analysis? If so, please describe them.

# LOOMIS HIDDEN GROVE PROJECT ENVIRONMENTAL IMPACT REPORT SCOPING COMMENT CARD

---

## Mitigation Measures

Q: Mitigation measures are changes to the design, phasing, or operation of the Project that would reduce or avoid environmental impacts. Please suggest mitigation measures that should be considered to help reduce environmental impacts.

---

---

---

---

## Alternatives

Q: The Town will consider alternatives that meet the basic objectives for the Project, and that could potentially reduce or avoid environmental impacts. Do you have ideas for alternatives that would reduce or avoid environmental impacts of the Project?

---

---

---

---

## Interested Parties

Q: Do you know of public agencies, public and private groups, or individuals that the Town should contact regarding this Project and the accompanying EIR? If so, please list them.

---
