Applicant: _____ Date: _____

Business Name: _____

Business Address: _____

Email: _____ Telephone: _____

Contractor's Name: _____ Telephone: _____

Sketch, Location, Duration, and Purpose of Work

- 1) Attach a sketch which illustrates the affected area and include dimensions, depths, profiles, plans, etc.
- 2) Location – provide the cross street, address, or specific location of this work.

- 3) Start Date: _____ Completion Date: _____
- 4) Purpose – briefly explain the need for this work.

Permit Conditions

Insurance – A Certificate of Insurance shall accompany this application naming the City of Lucas as an additional insured.

Safety and Utility Notice – The applicant shall comply with all applicable federal and state health and safety regulations. The applicant is responsible for notifying utility companies (www.texas811.org and (800) 344-8377) of the intent to work. This notification will give utility companies a chance to mark their underground utilities near the work area.

Work Area Repairs – The applicant is responsible for repairing all excavated surfaces to its original condition or better. These repairs shall be made according to the construction methods found in the City of Lucas Public Works Standards unless amended by conditions below.
