Directions to property: ** Please stake location for new meter (Subject to water superintendent approval) **

The City shall be granted, now or in the future, any easements of right of way for the purpose of installing, maintaining, and operating such pipelines, meters, valves, and any other such equipment which may be deemed necessary by the city.

The City shall have the right to locate a water service meter and the pipe necessary to connect the meter on the owner's property at a point to be chosen by the City and shall have access to its property and equipment located upon owner's premises at all times for any purpose connected with or in the furtherance of its business operations.

The City's authorized representatives shall have access to the property or premises at all reasonable times for the purpose of inspecting for possible violations of the City's policies or Texas water commission rules and regulations. The City strictly prohibits the connection of service pipelines from its water service meter to any private well or other unknown water supply.

By execution of this application and agreement, owner/applicant shall guarantee payment of all other rates, fees, and charges due on any account per Lucas water department policy.
