

SPECIAL MAGISTRATE – VARIANCE REQUEST

VAR 2024-03

Staff Report and Recommendation Special Magistrate Meeting – April 22, 2024

Application: VAR 2024-03
Applicant: Bodziak/Hayes Architects
Property Owner(s): Tampa Home Pro, Inc.
Property Address: 13495 Gulf Blvd, Madeira Beach, FL 33708
Parcel ID: 15-31-15-58320-010-0080
Legal Description: MITCHELL'S BEACH REVISED BLK 10, LOTS 8 THRU 10 LESS RD R/W PER O.R.'S 4355/231 & 4426/1135
Zoning/Future Land Use: C-3, Retail Commercial Zoning District, Residential/Office/Retail

Request: Allow six (6) feet side yard setback along 135th Way, allow six and one-half (6.5) feet rear setback at the northern half of the rear property line, and allow the elimination of the five (5) foot perimeter landscape buffering requirement along two sections of the rear property line: one starting from 45.5 feet south of the northern corner of the parcel spanning 33 feet, and the other starting from the eastern corner of the parcel spanning 23 feet.

Specific Code Provisions: Section 110-321(2, 3b): that the minimum rear setback of ten feet shall apply in the C-3, retail commercial district, and that the minimum side yard setback for a lots less than 120 feet in width within the C-3, retail commercial district be no less than ten feet on one side.

Section 106-35(1-2): that the exterior of all vehicular use areas shall be landscaped with a buffer strip which is at least five feet in width, that when paved ground surfaces are adjacent to properties zoned exclusively for residential use, all land between the paved surface and the property line shall be landscaped, and that the landscaping shall include a buffer strip of at least five feet in width adjacent to the abutting property, containing a hedge or other durable screen of landscaping at least five feet in height.

I. Background

The property is in the C-3, Retail Commercial Zoning District and Residential/Office/Retail (R/O/R) future land use category. The lot comprises of contiguous lots 8, 9, and 10 from the Mitchell's Beach plat. 13495 Gulf Blvd is on the southeastern corner of 135th Ave and Gulf Blvd. The rear of the property abuts a one-way alley that separates the C-3, Retail Commercial Zoning District from the R-2, Low Density Multifamily Residential Medium Zoning District.

The widening and re-alignment of Gulf Boulevard in the early 1970s reduced the dimensions of the lot and further altered the shape to become a clipped parallelogram configuration. Many of the C-3 commercial buildings in this area on Gulf Boulevard were built before the current zoning code and do not meet the minimum setbacks, therefore are considered legally nonconforming. The widening of Gulf Boulevard exacerbated or, in some cases, could have created these nonconformities. The setbacks for the existing building at 13495 Gulf Boulevard do not conform to the C-3 zoning district setbacks with a side yard setback of 4.8 feet and rear setback of 6.3 feet (both the minimum rear and side yard setback in C-3 zoning district for this lot size is 10 feet), therefore, the building is considered legally nonconforming.

The two-story building on the property was constructed in 1947 and was most recently used as a veterinary hospital. Tampa Home Pro, Inc. purchased the property in October 2023 and intends to demolish the current building and construct a four-story mixed-use building with eight temporary lodging units, ground floor parking, ancillary rooftop amenities, and an ancillary ground floor restaurant.

The proposed structure increases the current side setback from 4.8 feet to 6 feet, a reduction in the nonconforming setback. The reduction in the rear setback is due to the screening wall around the dumpster, which at its nearest point to the rear property line measures 6.5 feet. The current building has a rear setback of 6.3 feet exclusive of the rear wooden staircase, therefore this request reduces the current nonconforming setbacks. The applicant also seeks an exception from the minimum 5-foot perimeter buffer landscaping along two

sections of the rear property line: one starting from 45.5 feet south of the northern corner of the parcel spanning 33 feet, and the other starting from the eastern corner of the parcel spanning 23 feet in order to accommodate 4 of the 14 required parking spaces which protrude into this 5-foot perimeter zone. The total proposed landscaped area (2,021 sf) is nearly double the minimum required (1,011 sf) for the development.

II. Variance Criteria (Sec. 2-507(b)) and Analysis

(1) Special conditions and circumstances exist which are peculiar to the land, building, or other structures for which the variance is sought and which do not apply generally to the lands, building, or other structures in the same district. Special conditions to be considered shall include, but are not limited to, the following circumstances:

a. *Substandard or irregular-shaped lot. If the site involves the utilization of an existing lot that has unique physical circumstances or conditions, including irregularity of shape, narrowness, shallowness, or the size of the lot is less than the minimum required in the district regulations;*

Findings: The lot is irregularly shaped, which adds difficulty to the creation of a developable site compliant to setback, screening, and parking standards. The widening of Gulf Boulevard in the 1970s and subsequent roadway improvements also shortened lots fronting Gulf Boulevard including the Mitchell's Beach plat block on which the subject site is located, as described in the background section in this report.

b. *Significant vegetation or natural features. If the site contains significant native vegetation or other natural features;*

c. *Residential neighborhood character. If the proposed project promotes the established historic or traditional development pattern of a block face, including setbacks, building height, and other dimensional requirements;*

Findings: The project, if approved, would provide a greener, better screened mixed-use layout which more closely matches the surrounding character and seeks to accommodate the irregular angles of property lines and adjacent right of ways.

- d. Public facilities. If the proposed project involves the development of public parks, public facilities, schools, or public utilities;*
- e. Architectural and/or engineering considerations. If the proposed project utilizes architectural and/or engineering features that would render the project more disaster resistant.*

Findings: The new structure must be compliant with all current floodplain, fire protection, and Florida Building Code requirements.

- (2) The special conditions and circumstances do not result from the actions of the applicant. A self-created hardship shall not justify a variance.*

Findings: The hardships encountered are not self-created by the applicant. The lot was originally larger when the plat was first approved. The widening of Gulf Boulevard reduced the length of the lot.

- (3) Granting the variance will not confer on the applicant any special privilege that is denied to other lands, buildings or structures in the same zoning district.*

Findings: The variance requested is contextual to the site and narrow in scope. The proposed side and rear setback requests in the variance are less nonconforming than the existing structure's setbacks.

- (4) Literal interpretation would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development regulations, subpart B of this Code or section 14-205 of the Code*

of Ordinances and would work unnecessary and undue hardship on the applicant.

Findings: The landscape requirement and best practices for safe driveway and access design are at times incompatible with the irregular lot shape. The requested setback reductions, from 10 feet to 6 feet at the side along 135th Ave, and from 10 feet to 6.5 feet at the northern half of the rear property line, appear to be the minimum required in order to satisfy other applicable requirements for the site's development program. Adjacent structures within the same platted block as the subject property such as the Tide the Knot Beach Weddings and The West Events buildings have had their lots impacted by right of way widening and have narrower setbacks than what is currently permitted, rendering these buildings legally nonconforming as well.

(5) The variance granted is the minimum variance that will make possible the reasonable use of the land.

Findings: The variance is narrow in scope and suited to the specific dimensions and circumstances of the proposed site plan, namely, the irregular lot shape. The current building does not meet the current setbacks and this request is a reduction of nonconformity. The reduction of the landscape buffer requirements is minimal and due to the small area of the lot is difficult or impossible to achieve with the new parking standards that were not in place at the time of the construction of the current building. The adjacent buildings within the same platted block, mentioned above, currently have little to no landscaped area around the parking area and have much narrower front, side, and rear setbacks than what is currently permitted.

(6) The granting of the variance will be in harmony with the general intent and purpose of the city land development regulations or the Code of Ordinances

(when it relates to section 14-205), and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

Findings: The granting of the variance is in harmony with the general intent and purpose of the land development regulations and is not injurious to the area involved or otherwise detrimental to public welfare. The subject property will have a similar character to adjacent commercial structures regarding lot coverage, setbacks, and orientation. The development of the new building will also create more landscaped buffer area between the commercial and residential areas than currently on the site. The side setback will also increase the amount of open space between pedestrians and the building's side along 135th Ave as compared to the existing structure. The rear setback for the principal exterior structure wall will be 10 feet, the minimum permitted in the C-3 zoning district.

III. Staff Recommendation: Staff recommends the approval of VAR 2024-03, to reduce the required side setback from 10 feet to 6 feet from the property line along 135th Ave, to reduce the required rear setback from 10 feet to 6.5 feet at the northern half of the rear property line, and to eliminate the five (5) foot perimeter landscape buffering requirement along two sections of the rear property line: one starting from 45.5 feet south of the northern corner of the parcel spanning 33 feet, and the other starting from the eastern corner of the parcel spanning 23 feet.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All Documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

APPLICATION (Must submit the following analysis)

This application to the Special Magistrate is requesting permission to: _____

(1) Allow 6'-0" side-yard setback along 135th Way;

(2) Allow trash enclosure setback along property rear alley at 6'-6";

(3) Allow partial elimination of landscape buffers at rear alley-adjacent parking spaces
(numbered 1, 12, 13, & 14)

The special magistrate shall authorize, upon application to appeal, after public notice has been given and public hearing held, such variance from the terms of the city land development regulations as not being contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the land development regulations, subpart B of this Code will result in unnecessary and undue hardship. In order to authorize any variance from the terms of the city land development regulations, the special magistrate shall consider the following criteria and shall find that the criteria has been satisfied in full and that a hardship exists.

On a separate attached page, explain in detail how your request meets City Code Sec. 2-507 by complying with the following rules. Please note that your explanation demonstrate that your request meets one or more of the conditions listed under criteria #1 below and that it also meets in full criteria 2 through 6 below:

1. Demonstrate that special conditions and circumstances exist which are particular to the land, building, or other structures in the same district. Special conditions to be considered shall include but are not limited to:
 - a. *Substandard or irregular shaped lot.* If the site involves the utilization of an existing lot that has unique physical circumstances or conditions, including irregularity of shape, narrowness, shallowness, or the size of the lot is less than the minimum required in the district regulations.
 - b. *Significant vegetation or natural features.* If the site contains significant native vegetation or other natural features;
 - c. *Residential neighborhood character.* If the proposed project promotes the established historic or traditional development pattern of a block face, including setbacks, building height, and other dimensional requirements;
 - d. *Public facilities.* If the proposed project involves the development of public parks, public facilities, schools, or public utilities;
 - e. *Architectural and/or engineering considerations.* If the proposed project utilizes architectural and/or engineering features that would render the project more disaster resistant.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All Documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

2. Demonstrate that special condition (s) and circumstance (s) do not result from the actions of the applicant. A self-created hardship shall not justify a variance.
3. Demonstrate that the granting of the variance will not confer on the applicant any special privilege that is denied to other lands, buildings, or structures in the same zoning district.
4. Demonstrate that the literal interpretation would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the Land Development regulations, subpart B of the code and would work unnecessary and undue hardship on the applicant.
5. Demonstrate that the variance granted is the minimum variance that will make possible the reasonable use of the land.
6. Demonstrate that the granting of the variance will be in harmony with the general intent and purpose of the City Land Development Regulations, and that such Variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

IN WITNESS WHEREOF, the said Grantor has caused this deed to be executed by its duly authorized officer on the day and year first above written.

FOR YOUR RECORDS

SPECIAL MAGISTRATE: REQUIREMENTS AND PROCEDURES (City Code Sec. 2-507)

- 1) Demonstrate that special conditions and circumstances exist which are particular to the land, building, or other structures in the same district. Special conditions to be considered shall include but are not limited to:
 - a. *Substandard or irregular shaped lot.* If the site involves the utilization of an existing lot that has unique physical circumstances or conditions, including irregularity of shape, narrowness, shallowness, or the size of the lot is less than the minimum required in the district regulations.
 - b. *Significant vegetation or natural features.* If the site contains significant native vegetation or other natural features;
 - c. *Residential neighborhood character.* If the proposed project promotes the established historic or traditional development pattern of a block face, including setbacks, building height, and other dimensional requirements;
 - d. *Public facilities.* If the proposed project involves the development of public parks, public facilities, schools, or public utilities;
 - e. *Architectural and/or engineering considerations.* If the proposed project utilizes architectural and/or engineering features that would render the project more disaster resistant.
- 2) The special conditions and circumstances do not result from the actions of the applicant. A self-created hardship shall not justify a variance.
- 3) Granting the variance will not confer on the applicant any special privilege that is denied to other lands, buildings, or structures in the same zoning district.
- 4) Literal interpretation would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development regulations, subpart B of this Code and would work unnecessary and undue hardship on the applicant.
- 5) The variance granted is the minimum variance that will make possible the reasonable use of the land.
- 6) The granting of the variance will be in harmony with the general intent and purpose of the city land development regulations, and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

In granting any variance, the Special Magistrate may prescribe appropriate conditions and safeguards in conformity with the city land development regulations. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted shall be deemed a violation of this Code. The Special Magistrate may prescribe a reasonable time limit within which the action for which the variance is required shall be begun or completed or both. Under no circumstances except as permitted in the applicable zoning district of the city land development regulations. A nonconforming use of neighborhood lands, structures or buildings in the same zoning district shall not be considered grounds for the authorization of a variance. **Financial loss** standing alone is not sufficient justification for a variance.

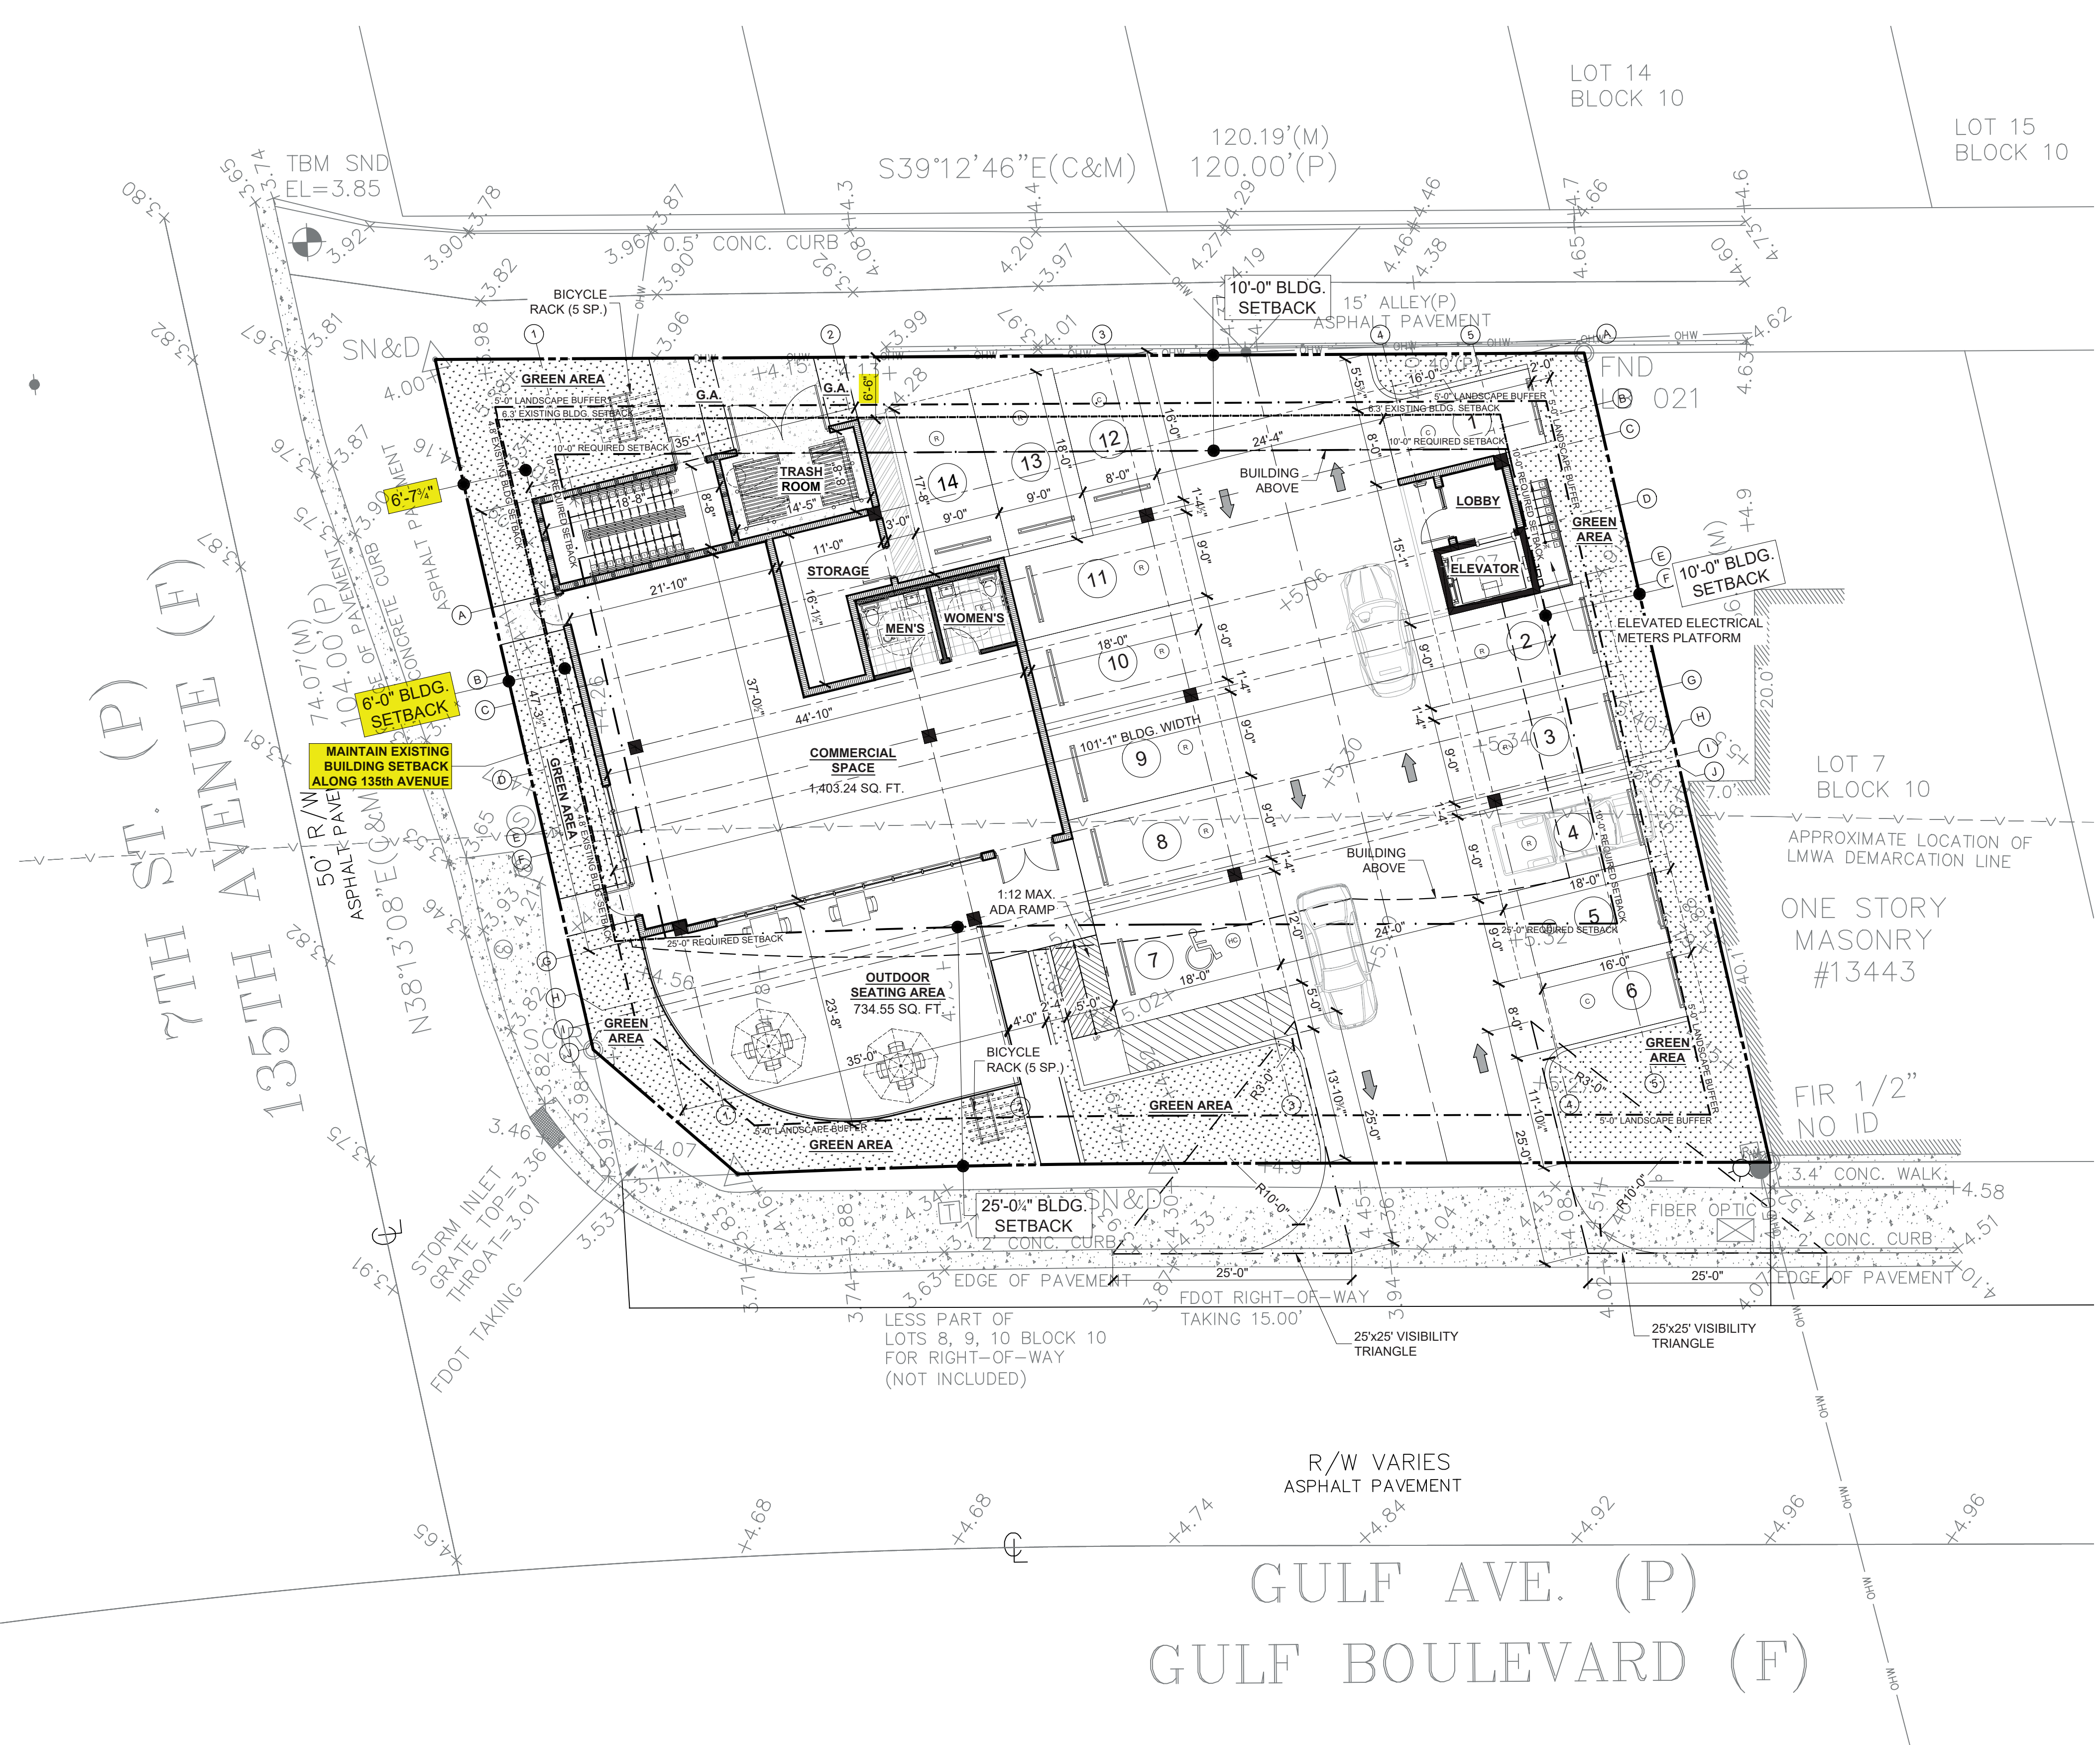

The hearing will be conducted in the following manner:

1. Public notice will be read along with correspondence received.
2. City presents its case, and the applicant may cross-examine.
3. The Applicant presents his or her case supported by witnesses and evidence; and the City has the right to cross-examine each witness.
4. Public comment will only be solicited or received from parties directly affected by the variance. Individuals testifying do not have the right to cross-examine the parties.
5. Public participation will be closed, the Special Magistrate deliberates and makes a decision to grant or deny each variance requested in the application.

All variances granted by the Special Magistrate and not acted on within on (1) year of being granted will automatically expire.

The granting of a variance does not relieve the applicant from obtaining a building permit. The Special Magistrate does not have the authority to grant variances from the 100 Year Flood Level for Residential or Commercial Property.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All Documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

RE: Special Magistrate-Variance Application
13495 Gulf Boulevard, Madeira Beach, FL 33708

To Whom It May Concern,

This letter respectfully requests the allowance of three exceptions to the zoning code pertaining to the proposed tourist lodging project at 13495 Gulf Boulevard. The requested variations are an improvement over the existing encroaching conditions. The justification for this request is primarily the substandard and irregular shape of the lot. The property's parallelogram boundary makes it challenging to fit the shape of a conventionally constructed building and parking area defined by a typical column grid. The site has also been impacted by the widening of Gulf Boulevard, further constraining the proportion of the site. Additionally, the site is abutted by vehicular traffic on (3) sides, which poses a challenge to configuring the building's multi-story components such as stair towers and elevator core, while otherwise meeting parking requirements and limiting curb cuts to the adjacent public ways. The three specific subjects of this request are as follows:

- 1) Allow 6'-0" side-yard setback along 135th Way based on existing setback conditions. (The existing building setback on 135th Avenue is 4.8'.) Efforts were made in the design to minimize the encroachment on the required 10' setback. Limited building features measure 6'-7 ¾" from the property line, including: 1) the stair tower, 2) the level 1 ground floor commercial space, and 3) the temporary lodging unit balconies at levels 2, 3, 4, and level 5 sundeck. Additionally, a non-occupied, decorative overhang extends to 6'-0" from the property line at level 2 (the first occupied floor above ground level). [110-321 (3) b.3]
- 2) Allow 6'-6" trash enclosure setback along property rear alley, which is a common occurrence for ease of pickup. [110-321 (2)]
- 3) Allow partial elimination of landscape buffers at rear alley to allow adjacent parking spaces. Parking spaces 12, 13, & 14 back into the alley thereby making it infeasible to provide buffer at the rear lot line. [106-35 (1)]

In our application we have provided a site plan, renderings, and floor plans depicting the proposed use of the site. Also, included are the Owner's deed and survey information. Please do not hesitate to respond to this request if further information is required. We will be happy to assist in providing any supplemental information needed.

Respectfully,

Britt Hayes, Architect, AIA

PUBLIC NOTICE OF SPECIAL MAGISTRATE VARIANCE HEARING

**CITY OF MADEIRA BEACH
300 MUNICIPAL DRIVE
MADEIRA BEACH, FLORIDA 33708**

A Special Magistrate Hearing of the City of Madeira Beach, Florida will be held on **Monday, April 22, 2024, at 2:00p.m.**, at the Madeira Beach City Center in the Patricia Shontz Commission Chambers, located at 300 Municipal Drive, Madeira Beach, Florida 33708, to discuss the agenda item listed below. This proceeding is available for viewing on Spectrum Television Public Access Channel 640 for viewers within the 33708 Zip Code and on the City of Madeira Beach website by clicking the “Watch Live Meetings” button.

THIS APPLICATION IS FOR SPECIAL MAGISTRATE -VARIANCE

Application: VAR 2024-03
Applicant(s): Bodziak/Hayes Architects
Property Owner(s): Tampa Home Pro Inc.
Property Address: 13495 Gulf Boulevard, Madeira Beach FL 33708
Parcel ID: 15-31-15-58320-010-0080

Legal Description: MITCHELL'S BEACH REVISED BLK 10, LOTS 8 THRU 10 LESS RD R/W PER O.R.'S 4355/231 & 4426/1135

Zoning/Future Land Use: C-3, Retail Commercial Zoning District, Residential/Office/Retail

Request: 6' side-yard setback along 135th Way, 6'-6" rear setback, partial reduction of 5' perimeter landscaping.

Specific Code Provisions: 110-231(2)-(3): minimum rear setback, minimum side setback for lots greater than 80 feet but less than 120 feet in width, 106-35(1): the exterior of all vehicular use areas shall be landscaped with a buffer strip which is at least five feet in width.

Note: You have received this notice because you are a property owner within 300 feet of the subject property. If you are desirous of voicing approval or disapproval of this application, you may attend the Special Magistrate Hearing or can submit comment to planning@madeirabeachfl.gov. *Any affected person may become a party to this proceeding and can be entitled to present evidence at the hearing including the sworn testimony of witnesses and relevant exhibits and other documentary evidence and to cross-examine all witnesses by filing a notice of intent to be a party with the Community Development Department not less than five days prior to the hearing. The notice, which is attached, can be filed in person or sent by mail to Community Development Department at Madeira Beach City Hall located at 300 Municipal Drive, Madeira Beach, 33708.* The variance application is on file in the Community Development Department and may be reviewed between 8:00 a.m. and 4:00 p.m.

Posted 4/12/2024, at property site, City Hall, City of Madeira Beach website, and Gulf Beaches Library

CITY OF MADEIRA BEACH PUBLIC NOTICE

BOARD MEMBER VACANCY ANNOUNCEMENT

CIVIL SERVICE COMMISSION

The City of Madeira Beach is seeking applications to fill one vacancy on the Civil Service Commission due to the expired term of a member on October 30, 2022. Member terms are three years. The term of the new member will expire on October 30, 2025.

Boards, Commissions, and Committees are a valuable part of the local government process. The members are volunteers and provide a great service to the City and the community. Duties and responsibilities include reviewing the City's policies and procedures, Code of Ordinances, and the City Charter, and making recommendations to the Board of Commissioners.

- Civil Service Commission – 5-member board – regular meetings held quarterly. Additional meetings are held for special projects and employee grievance hearings. Dates and times vary.
- Members must be a City of Madeira Beach citizen and eligible to vote in the City elections.
- Appointments are made on experience and qualifications in Human Resources when possible.

Interested persons must submit an application to the City Clerk no later than Monday, May 1, 2023, to be considered for appointment at the 6:00 p.m., May 10, 2023, Board of Commissioners Regular Meeting located in the Commission Chambers, 300 Municipal Drive, Madeira Beach, FL 33708. All applicants are encouraged to attend the meeting.

An application is attached to this advertisement. Applications may also be obtained from the City Clerk at City Hall or downloaded on the City's website at <https://madeirabeachfl.gov/boards/commission/>.

Submit completed and signed applications to:

City Clerk
City of Madeira Beach
300 Municipal Drive
Madeira Beach, FL 33708
cynthiargan@madeirabeachfl.gov
727-391-9951, ext. 231

Additional Information:
For additional information, please contact City Clerk Clara VanBargan at 727-391-9951, ext. 231; cynthiargan@madeirabeachfl.gov.
