a.2.	Preliminary Site Plan Review of Redevelopment Plan. Preparation by the applicant of a redevelopment site plan for preliminary redevelopment site plan review by the City Manager or designee. It must be demonstrated that the site can adequately accommodate the requested number of units by meeting the rebuilding regulations outlined in the process of this section of the Code. The applicant will meet the existing code to the maximum extent possible. This redevelopment site plan shall comply with the site plan requirements of Chapter 110, Article II, Site Plans, of the Code of Ordinances. In addition to the standard site plan review requirements, all redevelopment site plans shall include the dimensions and floor area in square feet of all rooms and units.
b.1.	Single-Family. May be rebuilt within the same footprint if it complies with all other existing regulatory codes and provisions of the land redevelopment regulations. <i>(Please note that these regulations do not apply to properties located in the R-1, single family, zoning district).</i>
b.2.	Duplexes and triplexes on a Nonconforming Lot. Duplexes [and triplexes] on a nonconforming lot may be rebuilt to existing nonconformity if the new structure complies with required front setback, height, parking requirements, and floodplain regulations effective at the time of building permit application.
b.3.	Multifamily on a Nonconforming Lot. Multifamily in R-1 and R-2, except for those in an R-1 Zoning District, on a nonconforming lot shall be the same as duplexes and triplexes, except they must comply with the parking regulations as contained in their pre-demolition certificate of occupancy.
b.4.	Multifamily, hotel, motel, motor lodges. Multifamily, hotel, motel, and motor lodges may be rebuilt to same density, height, and side setbacks, but must comply with the front setback, the county coast construction control line, floodplain regulations, fire codes, and parking regulations as contained in their certificate of occupancy and any other requirements effective at the time of building permit application.
b.5.	Commercial. Commercial may be rebuilt within the same footprint and having the same parking spaces available at the time a redevelopment plan is sought, but would have to meet minimum FEMA regulations for elevated structures and/or flood proofing to the required height per the National Flood Rate Insurance Map for its commercial location.
b.6.	Business Tax Receipt Required. Failure to be current with respect to full payment of the required annual Business Tax at the time a redevelopment plan is sought will prevent this section form applying to that property.
