SUBSTANTIAL IMPROVEMENT/DAMAGE PACKET

ITEMS REQUIRED TO DETERMINE SUBSTANTIAL IMPROVEMENT/DAMAGE

Applicant must submit the following (*Make sure you have an extra copy for your files*):

1. The completed building permit and substantial improvement/damage packet including the required 2 sets of (minimum) plans and documents;
2. An estimated Cost of Reconstruction/Improvement form, completed by a Licensed General Contractor, Architect, Engineer, or owner builder and signed by the Owner/Contractor or Contractor with a copy of his license certificate attached;
3. Pre-FIRM properties (built prior to December 31, 1974) undergoing alteration of a value that exceeds 25% of the Pinellas County approximate market value shall provide staff with an independent appraisal report;
4. Current photos of the structure, or photos before and after the storm;
5. Highlighted floor plan drawing showing area of structure to be repaired or altered;
6. Substantial Improvement/Construction Affidavit completed, signed, and dated;
7. An independent appraisal of the depreciated value of the structure will be used as the market value. It shall be noted on the appraisal that it is for FEMA purposes;
8. Any additions or new construction require a geotechnical report;
9. (2) Elevation Certificates (FEMA Form 81-31) are required for new construction and additions. An Elevation Certificate is required for showing the lowest living level at base flood elevation (BFE) plus 2 feet of freeboard and at final construction prior to receiving a Certificate of Occupancy; and
10. Declaration of Land Restriction (Non-conversion Agreement), completed, signed, and dated for new construction and additions to Post-FIRM structures.

Any combination of repair, reconstruction, rehabilitation, addition or improvement of a building or structure taking place during a one-year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started. For each building or structure, the one-year period begins on the date of the first permit issued for improvement or repair of that building or structure subsequent to November 15, 2016. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. (Ord 2016-11, 11-15-2016)

The value placed on all donated or discounted materials should be equal to the actual or estimated cost of such materials and must be included in the total cost. Where materials or servicing equipment are donated or discounted below normal market values, the value should be adjusted to an amount that would be equivalent to that estimated through normal market transactions. *Section 4.4.4**

The situation described above that involves donated or discounted materials may also involve volunteer labor. Also, property owners may undertake fairly significant improvement and repair projects on their own. In both cases, the normal "market" value or "going rate" for labor must be included in the estimates of the cost of improvement and the costs to repair. *Section 4.4.5**

I understand that I am subject to enforcement, penalties and / or fines for violation if inspection of the property reveals that I have made additions, renovations or remodeling to the property which were not included in the permit documents.

Violating the FEMA improvement threshold may result in removal of improvement work, revocation of the Certificate of Occupancy for the building, and/or an order to remove the structure.
