

**NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF THE
MARIN COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT**

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the Marin County Flood Control and Water Conservation District will hold a public hearing on the Zone 9 Update Report during the regular meeting of the District Board of Supervisors on July 30 2024, at 9:00 a.m. or as soon thereafter.

To continue to provide a portion of the financing of certain storm drainage, flood control facilities and related services within the District's Flood Control Zone No. 9 - Ross Valley ("Zone 9"), the District retained services of a consultant to update the Storm Drainage Fees imposed upon identified parcels within Zone 9, as part of a program commonly referred to as the "Ross Valley Watershed Flood Risk Reduction Program" (the "Zone 9 Program"). The consultant's report (the "Zone 9 Update Report") has been filed with the District and contains, among other things, the recommended amount of Storm Drainage Fees to be imposed for fiscal year 2024-2025 and by separate appendix, the list of identified parcels upon which the Storm Drainage Fees is imposed. The Zone 9 Program Report is available online at <https://marinflooddistrict.org/documents/storm-drainage-fee-report-2024/>

Comments may be heard with respect to the Zone 9 Update Report at the July 30, 2024, public hearing. Affected property owners may submit written protests with respect to the Storm Drainage Fees. See instructions at <https://www.marincounty.gov/departments/board/make-comment-board-supervisors-meeting> for participating in a meeting and submitting comments. To be counted in determining whether a majority protest is established, such written protests must be **received** by the County Clerk in Room 329 not later than 9:00 a.m. on July 29, 2024. If written protests against the Storm Drainage Fees are presented by a majority of affected property owners (those upon whose property a Storm Drainage Fee would be imposed), then the report shall not be adopted, and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land.

Berenice Davidson, PE
Marin County Public Works Assistant Director
Marin County Flood Control and Water Conservation District
