6.	<p>Zone 10 Fund Balance and FY 2021-22 Proposed Baseline Budget</p> <p>The County Administrator’s Office requested that the zones recommend a baseline budget for the beginning of each fiscal year that does not include major project expenses. Baseline budgets are intended to be relatively consistent year to year. Major project expenditures will require separate actions from the AB and District BOS to adjust the budget as needed. As usual, the approved budget may always be adjusted as necessary as priorities and cost estimates for projects and studies planned for this coming fiscal year are more clearly identified. Staff will review the proposed Flood Zone 10 Baseline Budget for FY 2021-2022 at the meeting:</p> <p>https://www.marinwatersheds.org/sites/default/files/2021-02/Proposed%20Baseline%20Budget%20Zone%2010%20FY%202021-22.pdf</p> <p>Line item details: https://www.marinwatersheds.org/sites/default/files/2021-02/Zone%2010%20Budget%20Details%20FY%202021-22.pdf</p> <p>Recommended Action: Recommend the Board of Supervisors adopt the proposed Zone 10 Baseline Budget for FY 2021-22.</p>
