The City of Mebane is an Equal Opportunity Employer.

### The Opportunity

Are you interested in general firefighting, rescue, emergency medical work, and driving vehicles to the fire scene or emergency medical work? The City of Mebane is looking for a passionate individual who helps prepare the fire vehicle, lines, and equipment for use by other firefighters. This position is often performed under stressful emergency conditions and frequently involves personal hazards.

Responsibilities of a Part-Time Firefighter include:

- Receives and responds to fires and emergency calls.
- Provides responses to emergency calls and administers life support techniques and procedures.
- Participates in hazardous material response and prevention programs.
- Responds to alarms and assists in the suppression of fire including rescue, entry, and ventilation and salvage work.
- Rides fire apparatus to fire scene; connects hoses to hydrants and uses hoses to apply water or chemicals to fire; forces entry into burning structures and searches for and rescues occupants.
- Provides pre-incident planning to area businesses and buildings.
- Inspects, maintains, and makes minor repairs to the apparatus and loads to ensure the presence, cleanliness, and serviceability of necessary firefighting and emergency equipment, tools, and supplies.
- Performs testing and routine maintenance on vehicles, tests fire hydrants.
- Maintains, performs minor repairs, and cleans assigned fire station quarters and grounds.
- Presents programs and classes in schools.
- Participates in training to assure proficiency in all firefighting techniques; trains for knowledge of all equipment and apparatus as well as their operations; conducts residential

and business fire prevention inspections; inspects and prepares scale drawings and pre-plan firefighting strategies; maintains knowledge of sprinkled buildings and hydrant locations.

- Participates in routine maintenance and servicing of equipment including checking and filling self-contained breathing apparatus, washing, and waxing trucks, checking batteries, checking fuel and oil levels, cleaning, and drying hose, and inspecting hose and hose connections for damage and wear; sweeps, mops, paints, and washing windows of fire station.
- Checks and flushes city fire hydrants for flow and pressure.
- Conducts tours of the fire station.
- Employee will work twenty-four (24) hours per day rotating shifts (A, B, C).
